(20) Being unable to practice as a dentist, specialist or hygienist with reasonable skill and safety to patients by reasons of professional incompetency, or because of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or as a result of any mental or physical condition. In enforcing this subdivision the board shall, after a hearing before the board, upon a finding of probable cause, require the dentist or specialist or hygienist to submit to a reexamination for the purpose of establishing his or her competency to practice as a dentist, specialist or hygienist, which reexamination shall be conducted in accordance with rules adopted for this purpose by the board, including rules to allow the examination of the dentist's, specialist's or hygienist's professional competence by at least three dentists or fellow specialists, or to submit to a mental or physical examination or combination thereof by at least three physicians. One examiner shall be selected by the dentist, specialist or hygienist compelled to take examination, one selected by the board, and one shall be selected by the two examiners so selected. Notice of the physical or mental examination shall be given by personal service or registered mail. Failure of the dentist, specialist or hygienist to submit to the examination when directed shall constitute an admission of the allegations against him or her, unless the failure was due to circumstances beyond his or her control. A dentist, specialist or hygienist whose right to practice has been affected pursuant to this subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that he or she can resume competent practice with reasonable skill and safety to patients.

(a) In any proceeding pursuant to this subdivision, neither the record of proceedings nor the orders entered by the board shall be used against a dentist, specialist or hygienist in any other proceeding. Proceedings pursuant to this subdivision shall be conducted by the board without the filing of a complaint with the administrative hearing commission;

(b) When the board finds any person unqualified because of any of the grounds set forth in this subdivision, it may enter an order imposing one or more of the following: denying his or her application for a license; permanently withholding issuance of a license; administering a public or private reprimand; placing on probation, suspending or limiting or restricting his or her license to practice as a dentist, specialist or hygienist for a period of not more than five years; revoking his or her license to practice as a dentist, specialist or hygienist; requiring him or her to submit to the care, counseling or treatment of physicians designated by the dentist, specialist or hygienist compelled to be treated; or requiring such person to submit to identification, intervention, treatment or rehabilitation by the well-being committee as provided in section 332.327. For the purpose of this subdivision, "license" includes the certificate of registration, or license, or both, issued by the board.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2, for disciplinary action are met, the board may, singly or in combination:

(1) Censure or place the person or firm named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years; or

(2) Suspend the license, certificate or permit for a period not to exceed three years; or

(3) Revoke the license, certificate, or permit. In any order of revocation, the board may provide that the person shall not apply for licensure for a period of not less than one year following the date of the order of revocation; or

(4) Cause the person or firm named in the complaint to make restitution to any patient, or any insurer

or third-party payer who shall have paid in whole or in part a claim or payment for which they should be reimbursed, where restitution would be an appropriate remedy, including the reasonable cost of follow-up care to correct or complete a procedure performed or one that was to be performed by the person or firm named in the complaint; or

(5) Request the attorney general to bring an action in the circuit court of competent jurisdiction to recover a civil penalty on behalf of the state in an amount to be assessed by the court.

4. If the board concludes that a dentist or dental hygienist has committed an act or is engaging in a course of conduct that would be grounds for disciplinary action and constitutes a clear and present danger to the public health and safety, the board may file a complaint before the administrative hearing commission requesting an expedited hearing and specifying the conduct that gives rise to the danger and the nature of the proposed restriction or suspension of the dentist's or dental hygienist's license. Within fifteen days after service of the complaint on the dentist or dental hygienist, the administrative hearing commission shall conduct a preliminary hearing to determine whether the alleged conduct of the dentist or dental hygienist appears to constitute a clear and present danger to the public health and safety that justifies that the dentist's or dental hygienist's license be immediately restricted or suspended. The burden of proving that a dentist or dental hygienist is a clear and present danger to the public health and safety shall be upon the Missouri dental board. The administrative hearing commission shall issue its decision immediately after the hearing and shall either grant to the board the authority to suspend or restrict the license or dismiss the action.

5. If the administrative hearing commission grants temporary authority to the board to restrict or suspend a dentist's or dental hygienist's license, the dentist or dental hygienist named in the complaint may request a full hearing before the administrative hearing commission. A request for a full hearing shall be made within thirty days after the administrative hearing commission issues a decision. The administrative hearing commission shall, if requested by a dentist or dental hygienist named in the complaint, set a date to hold a full hearing under chapter 621 regarding the activities alleged in the initial complaint filed by the board. The administrative hearing commission shall set the date for full hearing within ninety days from the date its decision was issued. Either party may request continuances, which shall be granted by the administrative hearing commission upon a showing of good cause by either party or consent of both parties. If a request for a full hearing is not made within thirty days, the authority to impose discipline becomes final and the board shall set the matter for hearing in accordance with section 621.110.

6. If the administrative hearing commission dismisses without prejudice the complaint filed by the board under subsection 4 of this section or dismisses the action based on a finding that the board did not meet its burden of proof establishing a clear and present danger, such dismissal shall not bar the board from initiating a subsequent action on the same grounds in accordance with this chapter and chapters 536 and 621.

7. Notwithstanding any other provisions of section 332.071 or of this section, a currently licensed dentist in Missouri may enter into an agreement with individuals and organizations to provide dental health care, provided such agreement does not permit or compel practices that violate any provision of this chapter.

8. At all proceedings for the enforcement of these or any other provisions of this chapter the board shall, as it deems necessary, select, in its discretion, either the attorney general or one of the attorney general's assistants designated by the attorney general or other legal counsel to appear and represent the board at each stage of such proceeding or trial until its conclusion.

9. If at any time when any discipline has been imposed pursuant to this section or pursuant to any

provision of this chapter, the licensee removes himself or herself from the state of Missouri, ceases to be currently licensed pursuant to the provisions of this chapter, or fails to keep the Missouri dental board advised of his or her current place of business and residence, the time of his or her absence, or unlicensed status, or unknown whereabouts shall not be deemed or taken as any part of the time of discipline so imposed.”; and

Further amend the title and enacting clause accordingly.

Senator Wallingford moved that the above amendment be adopted, which motion prevailed.

Senator Rizzo offered SA 5:

#### SENATE AMENDMENT NO. 5

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 1719, Page 191, Section 337.718, Line 27, by inserting after all of said line the following:

“338.315. 1. Except as otherwise provided by the board by rule, it shall be unlawful for any pharmacist, pharmacy owner or person employed by a pharmacy to knowingly purchase or receive any legend drugs under 21 U.S.C. Section 353 from other than a licensed or registered drug distributor, **drug outsourcer**, **third-party logistics provider**, or licensed pharmacy. Any person who violates the provisions of this section shall, upon conviction, be adjudged guilty of a class A misdemeanor. Any subsequent conviction shall constitute a class E felony.

2. Notwithstanding any other provision of law to the contrary, the sale, purchase, or trade of a prescription drug by a pharmacy to other pharmacies is permissible if the total dollar volume of such sales, purchases, or trades are in compliance with the rules of the board and do not exceed five percent of the pharmacy’s total annual prescription drug sales.

3. Pharmacies shall establish and maintain inventories and records of all transactions regarding the receipt and distribution or other disposition of legend drugs. Such records shall be maintained for two years and be readily available upon request by the board or its representatives.

4. The board shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

338.330. As used in sections 338.300 to 338.370, the following terms mean:

(1) “**Drug outsourcer**”, an outsourcing facility as defined by 21 U.S.C. Section 353b of the federal Drug Quality and Security Act;

(2) “Legend drug”:

(a) Any drug or biological product:

a. Subject to Section 503(b) of the Federal Food, Drug and Cosmetic Act, including finished dosage

forms and active ingredients subject to such Section 503(b); or

b. Required under federal law to be labeled with one of the following statements prior to being dispensed or delivered:

(i) “Caution: Federal law prohibits dispensing without prescription”;

(ii) “Caution: Federal law restricts this drug to use by or on the order of a licensed veterinarian”; or

(iii) “Rx Only”; or

c. Required by any applicable federal or state law or regulation to be dispensed by prescription only or that is restricted to use or dispensed by practitioners only; and

(b) The term “drug”, “prescription drug”, or “legend drug” shall not include:

a. An investigational new drug, as defined by 21 CFR 312.3(b), that is being utilized for the purposes of conducting a clinical trial or investigation of such drug or product that is governed by, and being conducted under and pursuant to, 21 CFR 312, et. seq.;

b. Any drug product being utilized for the purposes of conducting a clinical trial or investigation that is governed by, and being conducted under and pursuant to, 21 CFR 312, et. seq.; or

c. Any drug product being utilized for the purposes of conducting a clinical trial or investigation that is governed or approved by an institutional review board subject to 21 CFR Part 56 or 45 CFR Part 46;

[(2)] (3) “Out-of-state wholesale drug distributor”, a wholesale drug distributor with no physical facilities located in the state;

[(3)] (4) “Pharmacy distributor”, any licensed pharmacy, as defined in section 338.210, engaged in the delivery or distribution of legend drugs to any other licensed pharmacy where such delivery or distribution constitutes at least five percent of the total gross sales of such pharmacy;

[(4)] (5) **“Third-party logistics provider”, an entity that provides or coordinates warehousing or other logistics services of a product on behalf of a drug manufacturer, wholesale drug distributor, or dispenser of a legend drug, but does not take ownership of the product, nor has responsibility to direct the sale or disposition of the product;**

(6) “Wholesale drug distributor”, anyone engaged in the delivery or distribution of legend drugs from any location and who is involved in the actual, constructive or attempted transfer of a drug or drug-related device in this state, other than to the ultimate consumer. This shall include, but not be limited to, drug wholesalers, repackagers and manufacturers which are engaged in the delivery or distribution of drugs in this state, with facilities located in this state or in any other state or jurisdiction. A wholesale drug distributor shall not include any common carrier or individual hired solely to transport legend drugs. Any locations where drugs are delivered on a consignment basis, as defined by the board, shall be exempt from licensure as a drug distributor, and those standards of practice required of a drug distributor but shall be open for inspection by board of pharmacy representatives as provided for in section 338.360.

338.333. 1. Except as otherwise provided by the board of pharmacy by rule in the event of an emergency or to alleviate a supply shortage, no person or distribution outlet shall act as a wholesale drug distributor [or], pharmacy distributor, **drug outsourcer, or third-party logistics provider** without first obtaining

license to do so from the Missouri board of pharmacy and paying the required fee. The board may grant temporary licenses when the wholesale drug distributor [or], pharmacy distributor, **drug outsourcer, or third-party logistics provider** first applies for a license to operate within the state. Temporary licenses shall remain valid until such time as the board shall find that the applicant meets or fails to meet the requirements for regular licensure. No license shall be issued or renewed for a wholesale drug distributor [or], pharmacy distributor, **drug outsourcer, or third-party logistics provider** to operate unless the same shall be operated in a manner prescribed by law and according to the rules and regulations promulgated by the board of pharmacy with respect thereto. Separate licenses shall be required for each distribution site owned or operated by a wholesale drug distributor [or], pharmacy distributor, **drug outsourcer, or third-party logistics provider**, unless such drug distributor [or], pharmacy distributor, **drug outsourcer, or third-party logistics provider** meets the requirements of section 338.335.

2. An agent or employee of any licensed or registered wholesale drug distributor [or], pharmacy distributor, **drug outsourcer, or third-party logistics provider** need not seek licensure under this section and may lawfully possess pharmaceutical drugs, if [he] **the agent or employee** is acting in the usual course of his **or her** business or employment.

3. The board may permit out-of-state wholesale drug distributors, **drug outsourcers, third-party logistics provider**, or out-of-state pharmacy distributors to be licensed as required by sections 338.210 to 338.370 on the basis of reciprocity to the extent that [an out-of-state wholesale drug distributor or out-of-state pharmacy distributor] **the entity** both:

(1) Possesses a valid license granted by another state pursuant to legal standards comparable to those which must be met by a wholesale drug distributor [or], pharmacy distributor, **drug outsourcers, or third-party logistics provider** of this state as prerequisites for obtaining a license under the laws of this state; and

(2) Distributes into Missouri from a state which would extend reciprocal treatment under its own laws to a wholesale drug distributor [or], pharmacy distributor, **drug outsourcers, or third-party logistics provider** of this state.

338.337. It shall be unlawful for any out-of-state wholesale drug distributor [or], out-of-state pharmacy acting as a distributor, **drug outsourcers, or third-party logistics provider** to do business in this state without first obtaining a license to do so from the board of pharmacy and paying the required fee, except as otherwise provided by section 338.335 and this section. Application for an out-of-state wholesale drug distributor's, **drug outsourcer's, or out-of-state third-party logistics provider's** license under this section shall be made on a form furnished by the board. The issuance of a license under sections 338.330 to 338.370 shall not change or affect tax liability imposed by the Missouri department of revenue on any [out-of-state wholesale drug distributor or out-of-state pharmacy] **entity**. Any out-of-state wholesale drug distributor that is a drug manufacturer and which produces and distributes from a facility which has been inspected and approved by the Food and Drug Administration, maintains current approval by the federal Food and Drug Administration, and has provided a copy of the most recent Food and Drug Administration Establishment Inspection Report to the board, and which is licensed by the state in which the distribution facility is located, or, if located within a foreign jurisdiction, is authorized and in good standing to operate as a drug manufacturer within such jurisdiction, need not be licensed as provided in this section but such out-of-state distributor shall register its business name and address with the board of pharmacy and pay a filing fee in an amount established by the board.

338.340. No person acting as principal or agent for any out-of-state wholesale drug distributor [or], out-of-state pharmacy distributor, **drug outsourcer, or out-of-state third-party logistics provider** shall sell or distribute drugs in this state unless the [wholesale drug distributor or pharmacy distributor] **entity** has obtained a license pursuant to the provisions of sections 338.330 to 338.370.”; and

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation shall exceed fifty percent of the total basis in the property.

253.559. 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department of economic development. (3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district; [and]

**(5) A copy of all land use and building approvals reasonably necessary for the commencement of the project; and**

**(6) Any other information which the department of economic development may reasonably require to review the project for approval.**

Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department of economic development shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

**3. In evaluating an application for tax credits submitted under this section, the department of economic development shall also consider:**

**(1) The amount of projected net fiscal benefit of the project to the state and local municipality, and the period in which the state and municipality would realize such net fiscal benefit;**

**(2) The overall size and quality of the proposed project, including the estimated number of new jobs to be created by the project, the potential multiplier effect of the project, and similar factors;**

**(3) The level of economic distress in the area; and**

**(4) Input from the local elected officials in which the proposed project is located as to the importance of the proposed project. For any proposed project in any city not within a county, input from the local elected officials shall include, but not be limited to, the president of the board of alderman.**

**4. If the department of economic development deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications**

in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits. **If the department of economic development disapproves an application, the taxpayer shall be notified in writing of the reasons for such disapproval. A disapproved application may be resubmitted.**

[4.] **5.** Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy.

[5.] **6.** In the event that the department of economic development grants approval for tax credits equal to the total amount available under subsection 2 of section 253.550, or sufficient that when totaled with all other approvals, the amount available under subsection 2 of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

**7. All taxpayers with applications receiving approval on or after July 1, 2019, shall submit within sixty days following the award of credits evidence of the capacity of the applicant to finance the costs and expenses for the rehabilitation of the eligible property in the form of a line of credit or letter of commitment subject to the lender's termination for a material adverse change impacting the extension of credit. If the department of economic development determines that a taxpayer has failed to comply with the requirements under this subsection, then the department shall notify the applicant of such failure and the applicant shall have a thirty day period from the date of such notice to submit additional evidence to remedy the failure.**

[6.] **8.** All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within [two years] **nine months** of the date of issuance of the letter from the department of economic development granting the approval for tax credits. "Commencement of rehabilitation" shall mean that as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department of economic development determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the total amount of tax credits, provided under subsection 2 of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject

to rescission shall be notified of such from the department of economic development and, upon receipt of such notice, may submit a new application for the project.

[7.] **9.** To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final approval and issuance of tax credits from the department of economic development which, in consultation with the department of natural resources, shall determine the final amount of eligible rehabilitation costs and expenses and whether the completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. For financial institutions credits authorized pursuant to sections 253.550 to 253.561 shall be deemed to be economic development credits for purposes of section 148.064. The approval of all applications and the issuing of certificates of eligible credits to taxpayers shall be performed by the department of economic development. The department of economic development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates. The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed.

[8.] **10.** Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection [3] **4** of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.

[9.] **11.** The department of economic development shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property.

620.1900. 1. The department of economic development may charge a fee to the recipient of any tax credits issued by the department, in an amount up to two and one-half percent of the amount of tax credits issued, **or for tax credits issued under sections 253.545 to 253.559 in an amount equal to four percent of the amount of tax credits issued.** The fee shall be paid by the recipient upon the issuance of the tax credits. However, no fee shall be charged for the tax credits issued under section 135.460, or section 208.770, or under sections 32.100 to 32.125, if issued for community services, crime prevention, education, job training, or physical revitalization.

2. **(1)** All fees received by the department of economic development under this section shall be deposited solely to the credit of the economic development advancement fund, created under subsection 3 of this section.

**(2) Thirty-seven and one-half percent of the revenue derived from the four percent fee charged on tax credits issued under sections 253.545 to 253.559 shall be appropriated from the economic development advancement fund for business recruitment and marketing.**

3. There is hereby created in the state treasury the "Economic Development Advancement Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon

appropriation, money in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. Such fund shall consist of any fees charged under subsection 1 of this section, any gifts, contributions, grants, or bequests received from federal, private, or other sources, fees or administrative charges from private activity bond allocations, moneys transferred or paid to the department in return for goods or services provided by the department, and any appropriations to the fund.

5. At least fifty percent of the fees and other moneys deposited in the fund shall be appropriated for marketing, technical assistance, and training, contracts for specialized economic development services, and new initiatives and pilot programming to address economic trends. The remainder may be appropriated toward the costs of staffing and operating expenses for the program activities of the department of economic development, and for accountability functions.”; and

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Bill No. 773, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

“66.390. 1. The governing body of any county of the first class having a charter form of government and having a population of over nine hundred thousand inhabitants may levy a tax not to exceed three percent on the amount of sales or charges for all rooms paid by the transient guests of hotels and motels situated within such county. Such tax should be known as a “Convention and Tourism Tax” and shall be deposited by the county treasurer in what shall be known as the “Convention and Tourism Fund”. As used herein, “transient guests” means person or persons who occupy room or rooms in a hotel or motel for thirty-one days or less during any calendar quarter.

2. The person, firm or corporation, subject to the tax imposed by this section, shall collect the tax from the transient guests, and each such transient guest shall pay the amount of such tax to the person, firm or corporation directed to collect the tax imposed herein.

3. The tax imposed pursuant to the provisions of sections 66.390 to 66.398 shall be in addition to any and all other taxes and licenses.

4. The governing body may establish reasonable rules and regulations governing procedures for collecting and reporting of the tax.

5. The governing body may provide in the ordinance levying the tax that from every remittance of the tax made, the person required to so remit may deduct and retain an amount equal to two percent of the taxes collected.

6. The ordinance shall establish procedures for refunds and penalties on delinquent taxes.

**7. For purposes of this section, rooms paid by the transient guests shall include rooms in residential dwelling rentals, as that term is defined under section 67.5110.**

66.500. As used in sections 66.500 to 66.516, the following terms mean:

(1) “County”, a constitutional charter county containing the major portion of a city with a population of at least three hundred fifty thousand inhabitants;

(2) “Food”, all articles commonly used for food or drink, including alcoholic beverages, the provisions of chapter 311 notwithstanding;

(3) “Food establishment”, any cafe, cafeteria, lunchroom or restaurant which sells food at retail and has at least five hundred thousand dollars in annual sales;

(5) “Gross receipts”, the gross receipts from retail sales of food prepared on the premises and delivered to the purchaser (excluding sales tax);

(6) “Hotel, motel or tourist court”, any structure or building, under one management, which contains rooms furnished for the accommodation or lodging of guests, with or without meals being so provided, and kept, used, maintained, advertised, or held out to the public as a place where sleeping accommodations are sought for pay or compensation to transient guests or permanent guests and having more than eight bedrooms furnished for the accommodations of such guests. Sleeping accommodations consisting of one bedroom or more that rent for less than twenty dollars per day or less than eighty-five dollars per week and shelters for the homeless operated by not-for-profit organizations are not a “hotel, motel or tourist court” for the purposes of this act. **“Hotel, motel, or tourist court” shall include sleeping accommodations in**

**residential dwelling rentals, as that term is defined under section 67.5110;**

(7) “Person”, any individual, corporation, partnership or other entity;

67.662. Notwithstanding any other provisions of law to the contrary, any tax imposed or collected by any municipality, any county, or any local taxing entity on or related to any transient accommodations, whether imposed as a hotel tax, occupancy tax, or otherwise, shall apply solely to amounts actually received by the operator of a hotel, motel, tavern, inn, tourist cabin, tourist camp, **residential dwelling rental**, or other place in which rooms are furnished to the public. Under no circumstances shall a travel agent or intermediary be deemed an operator of a hotel, motel, tavern, inn, tourist cabin, tourist camp, **residential dwelling rental**, or other place in which rooms are furnished to the public unless such travel agent or intermediary actually operates such a facility. This section shall not apply if the purchaser of such rooms is an entity which is exempt from payment of such tax. This section is intended to clarify that taxes imposed as a hotel tax, occupancy tax, or otherwise shall apply solely to amounts received by operators, as enacted in the statutes authorizing such taxes.

67.1153. 1. The authority shall consist of five commissioners, who shall be qualified voters of the state of Missouri and residents of the county in which the authority is created. No more than three of the commissioners appointed shall be of any one political party, and no elective [or appointed] official of any political subdivision of this state shall be a member of the authority.

2. The authority shall elect from its number a chairman, and may appoint such officers and employees as it may require for the performance of its duties and fix and determine their qualifications, duties and compensation. No action of the authority shall be binding unless taken at a meeting at which at least three members are present and unless a majority of the members present at such meeting shall vote in favor thereof.

67.1158. 1. The governing body of a county which has established an authority under the provisions of sections 67.1150 to 67.1158 may impose a tax on the charges for all sleeping rooms paid by the transient guests of hotels or motels situated in the county, which shall be more than two percent but not more than five percent per occupied room per night, except that such tax shall not become effective unless the governing body of the county submits to the voters of the county at a state general, primary, or special election, a proposal to authorize the governing body of the county to impose a tax under the provisions of

this section. The tax authorized by this section shall be in addition to the charge for the sleeping room and shall be in addition to any and all taxes imposed by law, and the proceeds of such tax shall be used by the authority solely for funding the construction and operation of convention, visitor and sports facilities, other incidental facilities, and operation of the authority consistent with the provisions of sections 67.1150 to 67.1158. Such tax shall be stated separately from all other charges and taxes.

2. The question shall be submitted in substantially the following form:

☐ NO

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the calendar quarter following the calendar quarter in which the election was held. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the governing body for the county shall have no power to impose the tax authorized by this section unless and until the governing body of the county resubmits the question and such question is approved by a majority of the qualified voters voting thereon.

3. After the effective date of any tax authorized under the provisions of this section, the county which levied the tax may adopt one of the [two] **three** following provisions for the collection and administration of the tax:

(1) The county which levied the tax may adopt rules and regulations for the internal collection of such tax by the county officers usually responsible for collection and administration of county taxes; [or]

(3) The county may enter into an agreement with the director of revenue of the state of Missouri for the purpose of collecting the tax authorized in this section. In the event any county enters into an agreement with the director of revenue of the state of Missouri for the collection of the tax authorized in this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement and operation of such tax, and shall collect the additional tax authorized under the provisions of this section. The tax authorized by this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue, and the director of revenue shall retain not less than one percent nor more than three percent for cost of collection.

**grace period.**

5. If a tax is imposed by a county under this section, either the county or the authority shall have the power to audit the taxed facilities to ensure compliance with the tax by the facility. During such audit, the taxed facilities shall give access to examine necessary records to ensure compliance.

6. Suits to enforce the collection and payment of the tax against the taxed facilities [may] **shall only** be filed and prosecuted by the authority. If suit is filed, the authority may recover as damages a reasonable attorney's fee, **litigation expenses**, and costs of suit against the taxed facility.

As used in this subsection, the term "certificate of deposit" means a certificate representing any deposit of funds in a state or federally chartered financial institution for a specified period of time which earns interest at a fixed or variable rate, where such funds cannot be withdrawn prior to a specified time

HOUSE AMENDMENT NO. 3

Amend House Committee Substitute for Senate Bill No. 773, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

**“32.087. 1. Within ten days after the adoption of any ordinance or order in favor of adoption of any local sales tax authorized under the local sales tax law by the voters of a taxing entity, the governing body or official of such taxing entity shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance or order. The ordinance or order shall reflect the effective date thereof.**

**2. Any local sales tax so adopted shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the local sales tax, except as provided in subsection 18 of this section, and shall be imposed on all transactions on which the Missouri state sales tax is imposed.**

**3. Every retailer within the jurisdiction of one or more taxing entities which has imposed one or more local sales taxes under the local sales tax law shall add all taxes so imposed along with the tax imposed by the sales tax law of the state of Missouri to the sale price and, when added, the combined tax shall constitute a part of the price, and shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.**

4. The brackets required to be established by the director of revenue under the provisions of section 144.285 shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5. (1) The ordinance or order imposing a local sales tax under the local sales tax law shall impose a tax upon all transactions upon which the Missouri state sales tax is imposed to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the sum of the combined rate of the state sales tax or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law.

(2) Notwithstanding any other provision of law to the contrary, local taxing jurisdictions, except those in which voters have approved a local use tax under section 144.757, shall have placed on the ballot on or after the general election in November 2014, but no later than the general election in November [2018] **2022**, whether to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the (local jurisdiction's name) discontinue applying and collecting the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in a reduction of local revenue to provide for vital services for (local jurisdiction's name) and it will place Missouri dealers of motor vehicles, outboard motors, boats, and trailers at a competitive disadvantage to non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(3) If the ballot question set forth in subdivision (2) of this subsection receives a majority of the votes cast in favor of the proposal, or if the local taxing jurisdiction fails to place the ballot question before the voters on or before the general election in November [2018] **2022**, the local taxing jurisdiction shall cease applying the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer.

(4) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters, the governing body of any local taxing jurisdiction that had previously imposed a local use tax on the use of motor vehicles, trailers, boats, and outboard motors may, at any time, place a proposal on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(5) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection

be placed before the voters on or after the general election in November 2014, and on or before the general election in November [2018] **2022**, whenever the governing body of any local taxing jurisdiction imposing a local sales tax on the sale of motor vehicles, trailers, boats, and outboard motors receives a petition, signed by fifteen percent of the registered voters of such jurisdiction voting in the last gubernatorial election, and calling for a proposal to be placed on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer, the governing body shall submit to the voters of such jurisdiction a proposal to repeal application of the local sales tax to such titling. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(6) Nothing in this subsection shall be construed to authorize the voters of any jurisdiction to repeal application of any state sales or use tax.

(7) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed, such repeal shall take effect on the first day of the second calendar quarter after the election. If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is required to cease to be applied or collected due to failure of a local taxing jurisdiction to hold an election pursuant to subdivision (2) of this subsection, such cessation shall take effect on March 1, [2019] **2023**.

(8) Notwithstanding any provision of law to the contrary, if any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed after the general election in November 2014, or if the taxing jurisdiction failed to present the ballot to the voters at a general election on or before November [2018] **2022**, then the governing body of such taxing jurisdiction may, at any election subsequent to the repeal or after the general election in November [2018] **2022**, if the jurisdiction failed to present the ballot to the voters, place before the voters the issue of imposing a sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 that were purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the (local jurisdiction's name) apply and collect the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in an increase of local revenue to provide for vital services for (local jurisdiction's name), and it will remove a competitive advantage that non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers have over Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(9) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is adopted, such tax shall take effect and be imposed on the first day of the second calendar quarter after the election.

6. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. All local sales taxes imposed under the local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

7. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

8. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

9. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

10. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

12. (1) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales, except the sale of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax

law, the sales tax upon the titling of all motor vehicles, trailers, boats, and outboard motors shall be imposed at the rate in effect at the location of the residence of the purchaser, and remitted to that local taxing entity, and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as amended.

13. Local sales taxes shall not be imposed on the seller of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, but shall be collected from the purchaser by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

14. The director of revenue and any of his deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

15. The director of revenue shall annually report on his management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. He shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

16. Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by him under the local sales tax law or in the event a determination has been made against him for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity in the event any person fails or refuses to pay the amount of any local sales tax due so that appropriate action may be taken by the taxing entity.

17. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent

taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

18. If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax so reimposed shall become effective the first day of the first calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

“143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer’s federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer’s federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit;

(2) Interest on certain governmental obligations excluded from federal gross income by Section 103 of the Internal Revenue Code (**26 U.S.C. Section 103, as amended**). The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of Section

265 of the Internal Revenue Code (**26 U.S.C. Section 265, as amended**). The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code (**26 U.S.C. Section 168**) as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to Section 168 of the Internal Revenue Code of 1986 (**26 U.S.C. Section 168**) as in effect on January 1, 2002;

Section 172**), as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose

death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(4) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code (**26 U.S.C. Section 168**) as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to Section 168 of the Internal Revenue Code (**26 U.S.C. Section 168**) as amended by the Job Creation and Worker Assistance Act of 2002;

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an additional modification was made under subdivision (3) of subsection 2 of this section, the amount by which additional modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection; and

Section 1033**), as amended, arising from compulsory or involuntary conversion of property as a result of condemnation or the imminence thereof.

7. (1) As used in this subsection, "qualified health insurance premium" means the amount paid during the tax year by such taxpayer for any insurance policy primarily providing health care coverage for the taxpayer, the taxpayer's spouse, or the taxpayer's dependents.

(2) In addition to the subtractions in subsection 3 of this section, one hundred percent of the amount of qualified health insurance premiums shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for such premiums is included in federal taxable income. The taxpayer shall provide the department of revenue with proof of the amount of qualified health insurance premiums paid.

HOUSE AMENDMENT NO. 7

Amend House Committee Substitute for Senate Bill No. 773, Page 6, Section 67.3005, Line 45, by inserting after all of said line the following:

“99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) “Blighted area”, an area which, by reason of the predominance of defective or inadequate street layout, insanitary or unsafe conditions, deterioration of site improvements, [improper subdivision or obsolete platting,] or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, [morals,] or welfare in its present condition and use;

(2) “Collecting officer”, the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) “Conservation area”, any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997. **For all redevelopment plans and projects approved on or after January 1, 2020, in retail areas, a conservation area shall meet the dilapidation standard as one of the three factors required under this subdivision;**

(4) “Economic activity taxes”, the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are

imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

(5) “Economic development area”, any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

(6) “Gambling establishment”, an excursion gambling boat as defined in section 313.800 and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

(7) “Greenfield area”, any vacant, unimproved, or agricultural property that is located wholly outside the incorporated limits of a city, town, or village, or that is substantially surrounded by contiguous properties with agricultural zoning classifications or uses unless said property was annexed into the incorporated limits of a city, town, or village ten years prior to the adoption of the ordinance approving the redevelopment plan for such greenfield area;

(8) “Municipality”, a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, municipality applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;

(9) “Obligations”, bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;

(10) “Ordinance”, an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;

(11) “Payment in lieu of taxes”, those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

(12) “Redevelopment area”, an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a

conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

(13) “Redevelopment plan”, the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

(14) “Redevelopment project”, any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

(15) “Redevelopment project costs” include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:

(a) Costs of studies, surveys, plans, and specifications;

(b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;

(c) Property assembly costs, including, but not limited to:

a. Acquisition of land and other property, real or personal, or rights or interests therein;

b. Demolition of buildings; and

c. The clearing and grading of land;

(d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing buildings and fixtures;

(e) Initial costs for an economic development area;

(f) Costs of construction of public works or improvements;

(g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;

(h) All or a portion of a taxing district’s capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

(i) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;

(j) Payments in lieu of taxes;

(16) **“Retail area”, a proposed redevelopment area for which most of the projected tax increment financing revenue will be generated from retail businesses, which shall be businesses that primarily sell or offer to sell goods to a buyer primarily for the buyer’s personal, family, or household use and not primarily for business, commercial, or agricultural use;**

(17) **“Retail infrastructure projects”, highways, roads, streets, bridges, sewers, traffic control systems and devices, water distribution and supply systems, curbing, sidewalks, storm water and drainage systems, and any other similar public improvements, but in no case shall retail infrastructure projects include buildings;**

[(17)] (19) **“Taxing districts”, any political subdivision of this state having the power to levy taxes;**

[(18)] (20) **“Taxing districts’ capital costs”, those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; and**

[(19)] (21) **“Vacant land”, any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.**

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is a blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a **study conducted by a party other than the proponent of a redeveloped plan, which includes a** detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met;

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the

ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

**2. Tax increment allocation financing shall not be adopted under sections 99.800 to 99.866 in a retail area unless such financing is exclusively utilized to fund retail infrastructure projects or unless such area is a blighted area or conservation area. The provisions of this subsection shall not apply to any tax increment allocation financing project or plan approved before August 28, 2018, nor any amendment to tax increment allocation financing projects and plans approved before August 28, 2018, provided that such an amendment does not add buildings of new construction in excess of twenty-five percent of the scope of the original redevelopment agreement.**

**3.** By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.825. 1. **(1)** Prior to the adoption of an ordinance proposing the designation of a redevelopment area, or approving a redevelopment plan or redevelopment project, the commission shall fix a time and place for a public hearing as required in subsection 4 of section 99.820 and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area, plan or project.

**(2)** At the public hearing any interested person or affected taxing district may file with the commission written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The commission shall hear and consider all protests, objections, comments and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing; provided, if the commission is created under [subsection 3 of] section 99.820, the hearing shall not be continued for more than thirty days beyond the date on which it is originally opened unless such longer period is requested by the chief elected official of the municipality creating the commission and approved by a majority of the commission.

**(3)** Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance.

**(4)** After the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, no ordinance shall be adopted altering the exterior boundaries, affecting the general land uses established pursuant to the redevelopment plan or changing the nature of the redevelopment project without complying with the procedures provided in this section pertaining to the initial approval of a redevelopment plan or redevelopment project and designation of a redevelopment area.

**(5)** Within ten days of the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, the commission created under section 99.820 shall notify each board or body that oversees a taxing district that is partially or wholly located within the redevelopment area of the approval of the ordinance.

**(6)** Hearings with regard to a redevelopment project, redevelopment area, or redevelopment plan may be held simultaneously.

**(7)** Notwithstanding any other provision of law to the contrary, in addition to a public hearing, the governing body of a city, town, or village shall, for a thirty-day period, establish a forum for the public to comment on the proposed district. The forum may be digital, physical, or both. Comments shall be recorded and delivered to the governing body before the governing body votes on the proposed district.

**(8)** A city, town, or village shall post the following information on its official internet website accessible by the public and, during the thirty-day comment period, on conspicuous signs located throughout the redevelopment area:

**(a)** The boundaries of the proposed district by street location, or other readily identifiable means if no street location exists, and a map illustrating the proposed boundaries;

**(b)** The date, time, and place of the public hearing;

**(c)** A statement that a copy of the petition is available for review at the office of the municipal clerk during regular business hours; and

**(d)** A statement that all interested persons shall be given an opportunity to be heard at the public hearing.

If a city, town, or village does not have an official internet website, it shall make the above information reasonably available in its most prominent building of governance.

2. If, after concluding the hearing required under this section, the commission makes a recommendation under section 99.820 in opposition to a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto, a municipality desiring to approve such project, plan, designation, or amendments shall do so only upon a two-thirds majority vote of the governing body of such municipality. For plans, projects, designations, or amendments approved by a municipality over the recommendation in opposition by the commission formed under [subsection 3 of] section 99.820, the economic activity taxes and payments in lieu of taxes generated by such plan, project, designation, or amendment shall be restricted to paying only those redevelopment project costs contained in subparagraphs b. and c. of paragraph (c) of subdivision (15) of section 99.805 per redevelopment project.

3. Tax incremental financing projects within an economic development area shall apply to and fund only the following infrastructure projects: highways, roads, streets, bridges, sewers, traffic control systems and devices, water distribution and supply systems, curbing, sidewalks and any other similar public improvements, but in no case shall it include buildings.

99.843. Notwithstanding the provisions of sections 99.800 to 99.865 to the contrary, no new tax increment financing project shall be authorized in any greenfield area, as such term is defined in section 99.805[, that is located within a city not within a county or any county subject to the authority of the East-West Gateway Council of Governments. Municipalities not subject to the authority of the East-West Gateway Council of Governments may authorize tax increment finance projects in greenfield areas].”; and

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the “Special Allocation Fund” of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district’s levy rate for ad valorem tax on real property, any

additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district's actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850.

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes.

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998;

**(4) The board or body that oversees a taxing district, as that term is defined under section 99.805, may elect to have fifty percent of the property or sales taxes levied by such district excluded from a tax increment allocation financing project or plan by passing a resolution by two-thirds majority no later than sixty days after the project or plan is adopted or approved by ordinance. The vote may occur before the ordinance is adopted. At least ten days prior to the vote on the resolution, the board shall post notice of and hold a public hearing. If the resolution passes, the board shall notify the director of revenue, the county collector, and every other taxing district in the redevelopment area. If the resolution passes, subdivision (2) of this subsection shall not apply to fifty percent of the tax levied by the taxing district, and fifty percent of the revenue from such tax shall be allocated to the district and shall not be allocated to redevelopment costs and obligations; and**

**(5) A school board of a school district may elect to have fifty percent of the portion of property tax revenue allocated to the school district by a county or municipality excluded from a tax increment allocation financing project or plan by passing a resolution by two-thirds majority no later than sixty days after the project or plan is adopted or approved by ordinance. The vote may occur before the ordinance is adopted. At least ten days prior to the vote on the resolution, the board shall post notice of and hold a public hearing. If the resolution passes, the board shall notify the director of revenue, the county collector, and every other taxing district in the redevelopment area. If the resolution passes, subdivision (2) of this subsection shall not apply to fifty percent of the percentage of property tax revenue equal to the average percentage of property tax revenue allocated to the school district over the preceding five years, and such percentage of revenue attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property within the redevelopment project area shall be allocated to the school district and shall not be allocated to redevelopment costs and obligations.**

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410

for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to the following:

(a) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(b) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand;

(3) Blighted areas consisting solely of the site of a former insurance company national service center containing a minimum of one hundred acres located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsection 4 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the

commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars; provided, however, that such thirty-two million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the applicable appropriations bill after August 28, 2015, which involve either:

(a) A former automobile manufacturing plant; or

(b) The retention of a federal employer employing over two thousand geospatial intelligence jobs.

At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of

subsection 4 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Notwithstanding any other provision of the law to the contrary, the adoption of any tax increment financing authorized under sections 99.800 to 99.865 shall not supersede, alter, or reduce in any way a property tax levied under section 205.971.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

#### HOUSE AMENDMENT NO. 9

Amend House Committee Substitute for Senate Bill No. 773, Page 6, Section 67.3005, Line 45, by inserting after all of said section and line the following:

“137.010. The following words, terms and phrases when used in laws governing taxation and revenue in the state of Missouri shall have the meanings ascribed to them in this section, except when the context clearly indicates a different meaning:

(1) “Grain and other agricultural crops in an unmanufactured condition” shall mean grains and feeds including, but not limited to, soybeans, cow peas, wheat, corn, oats, barley, kafir, rye, flax, grain sorghums, cotton, and such other products as are usually stored in grain and other elevators and on farms; but excluding such grains and other agricultural crops after being processed into products of such processing, when packaged or sacked. The term “processing” shall not include hulling, cleaning, drying, grating, or polishing;

(2) “Hydroelectric power generating equipment”, very-low-head turbine generators with a nameplate generating capacity of at least four hundred kilowatts but not more than six hundred kilowatts and machinery and equipment used directly in the production, generation, conversion, storage, or conveyance of hydroelectric power to land-based devices and appurtenances used in the transmission of electrical energy;

(3) “Intangible personal property”, for the purpose of taxation, shall include all property other than real property and tangible personal property, as defined by this section;

(4) “Real property” includes land itself, whether laid out in town lots or otherwise, and all growing crops, buildings, structures, improvements and fixtures of whatever kind thereon, hydroelectric power generating equipment, the installed poles used in the transmission or reception of electrical energy, audio signals, video signals or similar purposes, provided the owner of such installed poles is also an owner of a fee simple interest, possessor of an easement, holder of a license or franchise, or is the beneficiary of a right-of-way dedicated for public utility purposes for the underlying land; attached wires, transformers, amplifiers, substations, and other such devices and appurtenances used in the transmission or reception of electrical energy, audio signals, video signals or similar purposes when owned by the owner of the installed poles, otherwise such items are considered personal property; and stationary property used for transportation

or storage of liquid and gaseous products, including, but not limited to, petroleum products, natural gas, propane or LP gas equipment, water, and sewage;

(5) **“Reliever airport”, any land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the National Plan of Integrated Airports System that may receive federal airport improvement project funds through the Federal Aviation Administration;**

(6) “Tangible personal property” includes every tangible thing being the subject of ownership or part ownership whether animate or inanimate, other than money, and not forming part or parcel of real property as herein defined, but does not include household goods, furniture, wearing apparel and articles of personal use and adornment, as defined by the state tax commission, owned and used by a person in his home or dwelling place.

137.016. 1. As used in Section 4(b) of Article X of the Missouri Constitution, the following terms mean:

(1) “Residential property”, all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, manufactured home parks, bed and breakfast inns in which the owner resides and uses as a primary residence with six or fewer rooms for rent, and time-share units as defined in section 407.600, except to the extent such units are actually rented and subject to sales tax under subdivision (6) of subsection 1 of section 144.020, but residential property shall not include other similar facilities used primarily for transient housing. For the purposes of this section, “transient housing” means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(2) “Agricultural and horticultural property”, all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include [land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the National Plan of Integrated Airports System, to receive federal airport improvement project funds through the Federal Aviation Administration] **any reliever airport**. Real property classified as forest croplands shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution. Agricultural and horticultural property shall also include any sawmill or planing mill defined in the U.S. Department of Labor’s Standard Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421;

(3) “Utility, industrial, commercial, railroad and other real property”, all real property used directly or indirectly for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in subclasses (1) and (2) of Section 4(b) of Article X of the

Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term “utility, industrial, commercial, railroad and other real property”.

2. Pursuant to Article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to Article X, Subsection 2 of Section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section. **This subsection shall not apply to any reliever airport.**

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

(1) Immediate prior use, if any, of such property;

(2) Location of such property;

(3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;

(4) Other legal restrictions on the use of such property;

(5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;

(6) Size of such property;

(7) Access of such property to public thoroughfares; and

(8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in Section 4(b) of Article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution.

137.017. 1. For general property assessment purposes, the true value in money of land which is in use as agricultural and horticultural property, as defined in section 137.016, shall be that value which such land has for agricultural or horticultural use. The true value of buildings or other structures customarily associated with farming, agricultural, and horticultural uses, excluding residential dwellings and related land, shall be added to the use value of the agricultural and horticultural land to determine the value of the agricultural and horticultural property under sections 137.017 to 137.021.

2. After it has been established that the land is actually agricultural and horticultural property, as defined in section 137.016, and is being valued and assessed accordingly, the land shall remain in this category as long as the owner of the land complies with the provisions of sections 137.017 to 137.021.

3. Continuance of valuation and assessment for general property taxation under the provisions of sections 137.017 to 137.021 shall depend upon continuance of the land being used as agricultural and horticultural property, as defined in section 137.016, and compliance with the other requirements of sections 137.017 to 137.021 and not upon continuance in the same owner of title to the land.

4. For general property assessment purposes, the true value in money of vacant and unused land which is classified as agricultural and horticultural property under subsection 3 of section 137.016 shall be its fair market value. **This subsection shall not apply to any reliever airport.**

**5. For general property assessment purposes, the true value in money of a reliever airport shall be that value which such land has for agricultural or horticultural use.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

#### HOUSE AMENDMENT NO. 10

Amend House Committee Substitute for Senate Bill No. 773, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

“33.543. 1. There is hereby created in the state treasury the “General Revenue Fund”. All moneys received by this state shall be deposited in the state treasury to the credit of the general revenue fund, unless required by statute or constitutional provision to be deposited in some other specifically named fund.

**2. Notwithstanding any other provisions of law to the contrary, no moneys held in the general revenue fund shall be expended or appropriated for the construction, maintenance, promotion, or operation of a professional sports stadium or facility including, but not limited to, a professional auto racing, baseball, basketball, football, hockey, or soccer facility. Any statute authorizing the use of the general revenue fund for bond financing or other appropriations contrary to this subsection and passed prior to the effective date of this section is null and void. However, this section shall not be interpreted to prohibit bond funding authorized under the Constitution of Missouri, including bond funds that were established by vote of the people as amendments to the Constitution of Missouri.**

**3. After the effective date of this statute, no political subdivision of this state shall expend or appropriate public funds for the construction, maintenance, promotion, or operation of a professional**

sports stadium or facility including, but not limited to, a professional auto racing, baseball, basketball, football, hockey, or soccer facility unless the voters of such political subdivision authorize the funding or bond issuance by popular vote. The ballot language approving such funding or bond issuance shall specifically describe the proposed sports stadium or facility in such a way that the funding or bond issuance could not be used for any other facility.

4. The provisions of subsections 2 and 3 of this section shall become effective immediately upon the adoption of a substantially similar measure by twenty-nine of the following thirty-two states and district: Alabama, Arizona, California, Colorado, Delaware, District of Columbia, Florida, Georgia, Illinois, Indiana, Kansas, Kentucky, Louisiana, Maryland, Massachusetts, Michigan, Minnesota, Nevada, New Jersey, New York, North Carolina, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Utah, Virginia, Washington, and Wisconsin.

5. The satisfaction of the provisions of subsection 4 shall be determined by the attorney general. The attorney general shall notify the revisor of statutes when, in the attorney general's opinion, the requisite number of states have adopted substantially similar measures.

6. The ultimate question of whether the requirements of subsection 4 of this section are satisfied, thereby triggering the effectiveness of subsections 2 and 3 of this section, shall be subject to de novo judicial review, and any citizen of this state may bring an action in court to challenge the use of public moneys in violation of this section. If a violation is found, then the court shall immediately enjoin all spending in violation of this section and may order such restitution or other remedies as the court deems just and proper.

7. (1) It shall be against public policy for this state or any political subdivision thereof to pass any subsidy, tax abatement, tax credit, tax deduction, or tax exemption that incentivizes the construction, maintenance, promotion, or operation of a professional sports stadium or facility.

(2) Any enabling statute authorizing a political subdivision to issue a subsidy, tax abatement, tax credit, tax deduction, or tax exemption in violation of this section is superceded so that no such tax credits shall issue after the effective date of this section.

(3) Any statute authorizing a subsidy, tax abatement, tax credit, tax deduction, or tax exemption in violation of this section shall specifically cite or repeal this section of law and shall otherwise be interpreted as not superceding this section even if it is later in time or more specific in content.

(4) Nothing in this section shall be interpreted to breach any existing contract or inhibit bond financing and payment for any project approved prior to the effective date of this act.”; and

Further amend said bill, Page 16, Section 143.451, Line 244, by inserting after all of said section and line the following:

**3. The department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.**

**“144.900. 1. Notwithstanding any other provision of law, any seller who does not have a physical presence in this state who sells tangible personal property or products transferred electronically shall be subject to this chapter, shall remit sales tax, and shall follow all applicable procedures and requirements as if the seller had a physical presence in the state, provided that in either the previous or current calendar year the seller has:**

**(1) At least one hundred thousand dollars in gross revenue from sales in this state; or**

**(2) At least two hundred or more separate transactions in this state.**

**2. A taxpayer complying with this section and section 144.901, voluntarily or otherwise, may only seek a recovery of taxes, penalties, or interest by following the recovery procedures under section 136.035. However, no claim shall be granted on the basis that the taxpayer lacked a physical presence in the state and complied with this section voluntarily while complying with the injunction of section 144.901. Nothing in this section limits the ability of any taxpayer to obtain a refund for any other reason, including overpayment or erroneous payment.**

**3. No seller who remits sales tax voluntarily or otherwise under this section shall be liable to a purchaser who claims that the sales tax was over-collected because a provision of this section is later deemed unlawful.**

**4. Nothing in this section shall affect the obligation of any purchaser from this state to remit use tax as to any applicable transaction in which the seller does not collect and remit or remit an offsetting sales tax.**

**144.901. 1. Notwithstanding any other provision of law and regardless if the state initiates an audit or other tax collection procedure, the state may bring a declaratory judgment action in any circuit court to establish that the obligation to remit sales tax is applicable and valid under state and federal law against any person who the state believes meets the criteria of section 144.900. The circuit court shall act on this declaratory judgment action as expeditiously as possible. The court shall presume that the matter shall be fully resolved through a motion to dismiss or a motion for summary judgment. Attorney’s fees shall not be awarded in any action brought under section 144.900.**

**2. The filing of the declaratory judgment action by the state shall operate as an injunction during the pendency of the action, prohibiting any state entity from enforcing the obligation in section 144.900 against any taxpayer who does not affirmatively consent or otherwise remit the sales tax on a voluntary basis. The injunction shall not apply if there is a previous judgment against a taxpayer that establishes the validity of the taxpayer’s obligation under section 144.900.**

**3. Any appeal from the decision with respect to the cause of action under section 144.900 shall only be made to the state supreme court. The appeal shall be heard as expeditiously as possible.**

**4. If an injunction under this section is lifted or dissolved, in general or with respect to a specific taxpayer, the state shall assess and apply the obligation established under section 144.900 from that date forward to any taxpayer affected by the injunction.”; and**

## SECOND REGULAR SESSION

---

**SEVENTY-THIRD DAY—THURSDAY, MAY 17, 2018**

---

The Senate met pursuant to adjournment.

President Parson in the Chair.

Reverend Carl Gauck offered the following prayer:

“To do righteousness and justice is more acceptable to the Lord than sacrifice.” (Proverbs 21:3)

We see the finish line, the final stretch but it puts greater demands on us and we need You to provide us yet even greater strength and energy to push toward it. We also pray for increased calm and peace within so we may make wise and thoughtful decisions on what we vote on this day. In Your Holy Name we pray. Amen.

**(6) “; and**

Further amend said bill and section, Page 32, Line 163, by inserting after all of said section and line the following:

**“302.173. 1. Any applicant for a license, who does not possess a valid license issued pursuant to the laws of this state, another state, or a country which has a reciprocal agreement with the state of Missouri regarding the exchange of licenses pursuant to section 302.172 shall be examined as herein provided. Any person who has failed to renew such person’s license on or before the date of its expiration or within six months thereafter must take the complete examination. Any active member of the Armed Forces, their adult dependents or any active member of the Peace Corps may apply for a renewal license without examination of any kind, unless otherwise required by sections 302.700 to 302.780, provided the renewal application shows that the previous license had not been suspended or revoked. Any person honorably discharged from the Armed Forces of the United States who held a valid license prior to being inducted may apply for a renewal license within sixty days after such person’s honorable discharge without submitting to any examination of such person’s ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780, other than the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. No applicant for a renewal license shall be required to submit to any examination of his or her ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780 or regulations promulgated thereunder, other than a test of the applicant’s ability to understand highway signs regulating, warning or directing traffic and the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. The examination shall be made available in each county. Reasonable notice of the time and place of the examination shall be given the applicant by the person or officer designated to conduct it. The complete examination shall include a test of the applicant’s natural or corrected vision as prescribed in section 302.175, the applicant’s ability to understand highway signs regulating, warning or directing traffic, the applicant’s practical knowledge of the traffic laws**

of this state, and an actual demonstration of ability to exercise due care in the operation of a motor vehicle of the classification for which the license is sought. When an applicant for a license has a license from a state which has requirements for issuance of a license comparable to the Missouri requirements or a license from a country which has a reciprocal agreement with the state of Missouri regarding the exchange of licenses pursuant to section 302.172 and such license has not expired more than six months prior to the date of application for the Missouri license, the director may waive the test of the applicant's practical knowledge of the traffic laws of this state, and the requirement of actual demonstration of ability to exercise due care in the operation of a motor vehicle. If the director has reasonable grounds to believe that an applicant is suffering from some known physical or mental ailment which ordinarily would interfere with the applicant's fitness to operate a motor vehicle safely upon the highways, the director may require that the examination include a physical or mental examination by a licensed physician of the applicant's choice, at the applicant's expense, to determine the fact. The director shall prescribe regulations to ensure uniformity in the examinations and in the grading thereof and shall prescribe and furnish all forms to the members of the highway patrol and to other persons authorized to conduct examinations as may be necessary to enable the officer or person to properly conduct the examination. The records of the examination shall be forwarded to the director who shall not issue any license hereunder if in the director's opinion the applicant is not qualified to operate a motor vehicle safely upon the highways of this state.

2. Beginning July 1, 2005, when the examiner has reasonable grounds to believe that an individual has committed fraud or deception during the examination process, the license examiner shall immediately forward to the director all information relevant to any fraud or deception, including, but not limited to, a statement of the examiner's grounds for belief that the person committed or attempted to commit fraud or deception in the written, skills, or vision examination.

3. The director of revenue shall delegate the power to conduct the examinations required for a license or permit to any member of the highway patrol or any person employed by the highway patrol. The powers delegated to any examiner may be revoked at any time by the director of revenue upon notice.

4. Notwithstanding the requirements of subsections 1 and 3 of this section, the successful completion of a motorcycle rider training course approved pursuant to sections 302.133 to 302.137 shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further **practical knowledge or** driving test shall be required to obtain a motorcycle or motortricycle license or endorsement. **The motorcycle rider training course completion shall be accepted for purposes of motorcycle license or endorsement issuance for one year from the date of course completion.**

5. Notwithstanding the requirements of subsections 1 and 3 of this section, the successful completion of a military motorcycle rider training course that meets or exceeds the Motorcycle Safety Foundation curriculum standards by an applicant who is an active member of the [U.S.] **United States** Armed Forces, shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further **practical knowledge or** driving test shall be required to obtain a motorcycle or motortricycle license or endorsement. **The military motorcycle rider training course completion shall be accepted for purposes of motorcycle license or endorsement issuance for one year from the date of course completion.** The director of revenue is authorized to promulgate rules and regulations for the administration and implementation of this subsection including rules governing the presentment of motorcycle training course completion cards from a military motorcycle rider training course

or other documentation showing that the applicant has successfully completed a course in basic motorcycle safety instruction that meets or exceeds curriculum standards established by the Motorcycle Safety Foundation or other national organization whose purpose is to improve the safety of motorcyclists on the nation's streets and highways. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

301.032. 1. Notwithstanding the provisions of sections 301.030 and 301.035 to the contrary, the director of revenue shall establish a system of registration of all fleet vehicles owned or purchased by a fleet owner registered pursuant to this section. The director of revenue shall prescribe the forms for such fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of ten or more motor vehicles which must be registered in accordance with this chapter may register as a fleet owner. All registered fleet owners may, at their option, register all motor vehicles included in the fleet on a calendar year or biennial basis pursuant to this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of fleet vehicles.

2. All fleet vehicles included in the fleet of a registered fleet owner shall be registered during April of the corresponding year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in the fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the last day of April of the corresponding year, with two years' fees due for biennially-registered vehicles. [Notwithstanding the provisions of section 307.355, an application for registration of a fleet vehicle must be accompanied by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application.] The fees for vehicles added to the fleet which must be licensed at the time of registration shall be payable at the time of registration, except that when such vehicle is licensed between July first and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first and December thirty-first the fee shall be one-half the annual fee and when licensed on or after January first the fee shall be one-fourth the annual fee. When biennial registration is sought for vehicles added to a fleet, an additional year's annual fee will be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the words "Show-Me State" in the manner prescribed by the advisory committee established in section 301.129. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, a fleet owner of at least fifty fleet vehicles may apply for fleet license plates bearing a company name or logo, the

size and design thereof subject to approval by the director. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued. The director of revenue shall promulgate rules and regulations establishing the procedure for application and issuance of fleet vehicle license plates.

[5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390 if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.]; and

Further amend said bill, Page 23, Section 301.074, by removing all of said section from the bill and inserting in lieu thereof the following:

“301.074. License plates issued under sections 301.071 to 301.075 shall be valid for the duration of the veteran’s disability. Each such applicant issued license plates under these provisions shall annually furnish [proof of vehicle inspection and] proof of disability to the director, except that an applicant whose service connected disability qualifying him for special license plates consists in whole or in part of loss of an eye or a limb or an applicant with a one hundred percent permanent disability, as established by a physician’s signed statement to that effect, need only furnish proof of disability to the director when initially applying for the special license plates and not thereafter, but in such case proof that the veteran is alive shall be required annually. [Each person qualifying under sections 301.071 to 301.075 may license only one motor vehicle under these provisions.] No commercial motor vehicle in excess of twenty-four thousand pounds gross weight may be licensed under the provisions of sections 301.071 to 301.075.”; and

Further amend said bill, Page 27, Section 301.145, Line 17, by inserting after all of said section and line the following:

“301.147. 1. Notwithstanding the provisions of section 301.020 to the contrary, beginning July 1, 2000, the director of revenue may provide owners of motor vehicles, other than commercial motor vehicles licensed in excess of fifty-four thousand pounds gross weight, the option of biennially registering motor vehicles. Any vehicle manufactured as an even-numbered model year vehicle shall be renewed each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be renewed each odd-numbered calendar year, subject to the following requirements:

(1) The fee collected at the time of biennial registration shall include the annual registration fee plus a pro rata amount for the additional twelve months of the biennial registration;

(2) Presentation of all documentation otherwise required by law for vehicle registration including, but not limited to, a personal property tax receipt or certified statement for the preceding year that no such taxes were due as set forth in section 301.025, proof of [a motor vehicle safety inspection and] any applicable emission inspection conducted within sixty days prior to the date of application and proof of insurance as required by section 303.026.

2. The director of revenue may prescribe rules and regulations for the effective administration of this section. The director is authorized to adopt those rules that are reasonable and necessary to accomplish the limited duties specifically delegated within this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2000, shall be invalid

and void.

3. The director of revenue shall have the authority to stagger the registration period of motor vehicles other than commercial motor vehicles licensed in excess of twelve thousand pounds gross weight. Once the owner of a motor vehicle chooses the option of biennial registration, such registration must be maintained for the full twenty-four month period.

301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 in which case the applicant shall make application within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of

purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the

director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, [the safety inspection required in chapter 307 and] the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri [or as required by section 301.020], it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, [the safety inspection required in chapter 307 and] the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately

designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words “Non-USA-Std Motor Vehicle”.

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words “Reconstructed Motor Vehicle” and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.

3. Every person constructing a homemade trailer [sixteen feet or more in length] shall obtain an inspection from the sheriff of his or her county of residence or from the Missouri state highway patrol prior to applying for a certificate of ownership. If the person constructing the trailer sells or transfers the trailer prior to applying for a certificate of ownership, the sheriff's or the Missouri state highway patrol's certificate of inspection shall be transferred with the trailer.

4. A fee of [ten] **twenty-five** dollars shall be paid for the inspection. If the inspection is completed by the sheriff, the proceeds from the inspections shall be deposited by the sheriff within thirty days into the county law enforcement fund if one exists; otherwise into the county general revenue fund. The fee shall be deposited in the state treasury to the credit of the state highway fund.

5. The sheriff or Missouri state highway patrol shall inspect the trailer and certify it if the trailer appears to be homemade. The sheriff or Missouri state highway patrol may request the owner to provide any documents or other evidence showing that the trailer was homemade. When a trailer is certified by the sheriff, the sheriff may stamp a permanent identifying number in the tongue of the frame. The certificate of inspection shall be on a form designed and provided by the director of revenue.

6. Upon presentation of the certificate of inspection and all applicable documents and fees including the identification plate fee provided in section 301.380, the director of revenue shall issue a readily distinguishable manufacturers' identifying number plate. The identification number plate shall be affixed to the tongue of the trailer's frame.

7. The sheriff or Missouri state highway patrol may seize any trailer which has been stolen or has identifying numbers obliterated or removed. 2. In order to properly calculate the sales tax due, in the case of a trailer which is alleged to have been made by someone who is not a manufacturer using readily distinguishable manufacturers' identifying numbers or a certificate of origin, the person seeking the special number authorized by the provisions of this section shall secure a [written statement from a motor vehicle inspection station] **vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue**, that the trailer has been examined and that it is not one made by a regular manufacturer. **The person seeking the special number authorized by the provisions of this section shall pay a fee of twenty-five dollars for such examination certificate, payable to the director of revenue, which shall be deposited into the state treasury to the credit of the state highways and transportation department fund.** The superintendent of the state highway patrol shall provide such forms for [inspection stations, and the person, firm, or corporation seeking the examination shall pay a regular inspection fee for the examination. The proceeds of the fee shall be distributed in the same manner as regular inspection fees

are distributed] **law enforcement agencies performing such inspections.** This subsection shall not apply to trailers inspected under section 301.191.

3. The director of revenue shall designate the special numbers consecutively beginning with the number one preceded by the letters “DR” and followed by the letters “Mo” for each make of motor vehicle, trailer or motor vehicle tire, or if the make be unknown, the number shall also be preceded by the letter “X”.

4. When such number has been placed upon the motor vehicle or motor or engine thereof, or trailer or motor vehicle tire, it shall be the lawful number of the same for the purpose of identification, registration, and all other purposes of this chapter, and the owner may sell and transfer such property under the special number. No person shall destroy, remove, cover, alter or deface any such special number.

In addition to any other criteria established by the commission under section 643.320 or by rule, the decentralized emissions inspection program shall allow any official inspection station located in an area described in subsection 1 of section 643.305 otherwise qualified by the Missouri state highway patrol to conduct motor vehicle [safety] inspections under section 307.360 to conduct on-board diagnostic emission inspections. Any motor vehicle [safety] inspection station that desires to conduct emissions inspections shall submit an application for a certificate of authorization to the commission as provided for under section 643.320. Other individuals, corporations, or entities [that do not conduct motor vehicle safety inspections] may conduct emission inspections provided they meet the qualifications set forth in sections 643.300 to 643.355 and [the] rules promulgated by the commission. Applications shall be made upon a form designated by the commission and shall contain such information as may be required by the commission. A certificate of authorization issued under section 643.320 to conduct emission inspections shall be issued only after the commission has made a determination that the applicant's proposed inspection station will be properly equipped, has the necessary licensed emission inspectors to conduct inspections, and meets all other requirements of sections 643.300 to 643.355 or rules promulgated to carry out the provisions of those sections.

3. The decentralized emissions inspection program shall allow any official **emissions** inspection station that is certified to conduct an on-board diagnostic emission inspection under sections 643.300 to 643.355 to repair motor vehicles in order to bring such vehicles into compliance with sections 643.300 to 643.355, if such station and personnel meet the qualifications to conduct emission repairs as set forth in sections 643.300 to 643.355. An official emission inspection station may elect to be an emissions test-only station or may elect to conduct both emission inspections and repairs.

4. The commission is authorized to begin certification of official **emissions** inspection stations prior to September 1, 2007, in order to implement the decentralized emissions inspection program. Prior to January 1, 2007, the department of natural resources shall issue a report to the general assembly and the governor regarding the progress of implementing the decentralized emissions inspection program. The report shall include, but not be limited to, a summary describing how many inspection stations or individuals the department expects to participate in the program and how many inspection stations or individuals will be qualified by September 1, 2007, to conduct such emissions inspections.

5. The commission may, as a part of implementing the decentralized emissions inspection program, use remote sensing devices to collect information regarding the vehicle fleet emissions characteristics and registration compliance within the area described in subsection 1 of section 643.305. The decentralized emissions inspection program established by the commission may also include a clean screen program that utilizes remote sensing devices. Owners of eligible vehicles who comply with clean screen/remote sensing procedures shall be deemed to have complied with the mandatory inspection requirements for the next inspection cycle. As used in this subsection, the term "clean screen program" shall mean a procedure or system that utilizes remote sensing technologies to determine whether a motor vehicle has acceptable emission levels and then allows the motor vehicle owner to bypass the emissions inspection test required under section 643.315.

6. The decentralized emissions inspection program may include a gas cap pressure test and a visual inspection component[, and such tests may be included as part of the motor vehicle safety inspection test under section 307.350].

7. As used in sections 643.300 to 643.355, “decentralized emissions inspection program” means an emissions inspection program under which a certified emissions inspector conducts emissions inspection testing at an official inspection station.

8. The decentralized emission inspection program shall satisfy the requirements established by regulation of the United States Environmental Protection Agency.

9. The decentralized emissions inspection program established by the commission and sections 643.300 to 643.355 shall not be construed to be a new program as described in section 23.253, and the decentralized emissions inspection program shall not be subject to the sunset mandate prescribed by sections 23.250 to 23.298.

10. No later than July 1, 2007, the department of natural resources and the Missouri highway patrol shall enter into an interagency agreement covering all aspects of the administration and enforcement of sections 643.300 to 643.355.

11. No later than July 1, 2007, the air conservation commission shall promulgate rules for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

12. Prior to September 1, 2007, the department of natural resources shall actively promote participation in the decentralized emissions inspection program among qualified motor vehicle dealers, service stations, and other individuals. After the implementation of the decentralized emission inspection program, the department shall monitor participation in such program. In determining whether there are a sufficient number of individuals conducting motor vehicle emission inspections under the decentralized program, the department shall attempt to ensure, through promotional efforts, that no more than twenty percent of all persons residing in the affected nonattainment area reside farther than five miles from the nearest inspection station.

643.315. 1. Except as provided in sections 643.300 to 643.355, all motor vehicles which are domiciled, registered or primarily operated in an area for which the commission has established a motor vehicle emissions inspection program pursuant to sections 643.300 to 643.355 shall be inspected and approved prior to sale or transfer; provided that, if such vehicle is inspected and approved prior to sale or transfer, such vehicle shall not be subject to another emissions inspection for ninety days after the date of sale or transfer of such vehicle. In addition, any such vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved under the emissions inspection program established pursuant to sections 643.300 to 643.355 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved under the emissions inspection program established pursuant to sections 643.300 to 643.355 in each odd-numbered calendar year. All motor vehicles subject

to the inspection requirements of sections 643.300 to 643.355 shall display a valid emissions inspection sticker, and when applicable, a valid emissions inspection certificate shall be presented at the time of registration or registration renewal of such motor vehicle. The department of revenue shall require evidence of [the safety and] emission inspection and approval required by this section in issuing the motor vehicle annual registration in conformity with the procedure required by [sections 307.350 to 307.390 and] sections 643.300 to 643.355. The director of revenue may verify that a successful [safety and] emissions inspection was completed via electronic means.

2. The inspection requirement of subsection 1 of this section shall apply to all motor vehicles except:

(1) Motor vehicles with a manufacturer's gross vehicle weight rating in excess of eight thousand five hundred pounds;

(2) Motorcycles and motortricycles if such vehicles are exempted from the motor vehicle emissions inspection under federal regulation and approved by the commission by rule;

(3) Model year vehicles manufactured prior to 1996;

(4) Vehicles which are powered exclusively by electric or hydrogen power or by fuels other than gasoline which are exempted from the motor vehicle emissions inspection under federal regulation and approved by the commission by rule;

(5) Motor vehicles registered in an area subject to the inspection requirements of sections 643.300 to 643.355 which are domiciled and operated exclusively in an area of the state not subject to the inspection requirements of sections 643.300 to 643.355, but only if the owner of such vehicle presents to the department an affidavit that the vehicle will be operated exclusively in an area of the state not subject to the inspection requirements of sections 643.300 to 643.355 for the next twenty-four months, and the owner applies for and receives a waiver which shall be presented at the time of registration or registration renewal;

(6) New and unused motor vehicles, of model years of the current calendar year and of any calendar year within two years of such calendar year, which have an odometer reading of less than six thousand miles at the time of original sale by a motor vehicle manufacturer or licensed motor vehicle dealer to the first user;

(7) Historic motor vehicles registered pursuant to section 301.131;

(8) School buses;

(9) Heavy-duty diesel-powered vehicles with a gross vehicle weight rating in excess of eight thousand five hundred pounds;

(10) New motor vehicles that have not been previously titled and registered, for the four-year period following their model year of manufacture[, provided the odometer reading for such motor vehicles are under forty thousand miles at their first required biennial safety inspection conducted under sections 307.350 to 307.390; otherwise such motor vehicles shall be subject to the emissions inspection requirements of subsection 1 of this section during the same period that the biennial safety inspection is conducted];

(11) Motor vehicles that are driven fewer than twelve thousand miles between biennial [safety inspections] **registration periods**; and

(12) Qualified plug-in electric drive vehicles. For the purposes of this section, "qualified plug-in electric drive vehicle" shall mean a plug-in electric drive vehicle that is made by a manufacturer, has not been

modified from original manufacturer specifications, and can operate solely on electric power and is capable of recharging its battery from an on-board generation source and an off-board electricity source.

3. The commission may, by rule, allow inspection reciprocity with other states having equivalent or more stringent testing and waiver requirements than those established pursuant to sections 643.300 to 643.355.

4. (1) At the time of sale, a licensed motor vehicle dealer, as defined in section 301.550, may choose to sell a motor vehicle subject to the inspection requirements of sections 643.300 to 643.355 either:

- (a) With prior inspection and approval as provided in subdivision (2) of this subsection; or
- (b) Without prior inspection and approval as provided in subdivision (3) of this subsection.

(2) If the dealer chooses to sell the vehicle with prior inspection and approval, the dealer shall disclose, in writing, prior to sale, whether the vehicle obtained approval by meeting the emissions standards established pursuant to sections 643.300 to 643.355 or by obtaining a waiver pursuant to section 643.335. A vehicle sold pursuant to this subdivision by a licensed motor vehicle dealer shall be inspected and approved within the one hundred twenty days immediately preceding the date of sale, and, for the purpose of registration of such vehicle, such inspection shall be considered timely.

(3) If the dealer chooses to sell the vehicle without prior inspection and approval, the purchaser may return the vehicle within ten days of the date of purchase, provided that the vehicle has no more than one thousand additional miles since the time of sale, if the vehicle fails, upon inspection, to meet the emissions standards specified by the commission and the dealer shall have the vehicle inspected and approved without the option for a waiver of the emissions standard and return the vehicle to the purchaser with a valid emissions certificate and sticker within five working days or the purchaser and dealer may enter into any other mutually acceptable agreement. If the dealer chooses to sell the vehicle without prior inspection and approval, the dealer shall disclose conspicuously on the sales contract and bill of sale that the purchaser has the option to return the vehicle within ten days, provided that the vehicle has no more than one thousand additional miles since the time of sale, to have the dealer repair the vehicle and provide an emissions certificate and sticker within five working days if the vehicle fails, upon inspection, to meet the emissions standards established by the commission, or enter into any mutually acceptable agreement with the dealer. A violation of this subdivision shall be an unlawful practice as defined in section 407.020. [No emissions inspection shall be required pursuant to sections 643.300 to 643.360 for the sale of any motor vehicle which may be sold without a certificate of inspection and approval, as provided pursuant to subsection 2 of section 307.380.]

[307.350. 1. The owner of every motor vehicle as defined in section 301.010 which is required to be registered in this state, except:

- (1) Motor vehicles, for the five-year period following their model year of manufacture, excluding prior salvage vehicles immediately following a rebuilding process and vehicles subject to the provisions of section 307.380;
- (2) Those motor vehicles which are engaged in interstate commerce and are proportionately registered in this state with the Missouri highway reciprocity commission, although the owner may request that such vehicle be inspected by an official inspection station, and a peace officer may stop and inspect such

vehicles to determine whether the mechanical condition is in compliance with the safety regulations established by the United States Department of Transportation; and

(3) Historic motor vehicles registered pursuant to section 301.131;

(4) Vehicles registered in excess of twenty-four thousand pounds for a period of less than twelve months; shall submit such vehicles to a biennial inspection of their mechanism and equipment in accordance with the provisions of sections 307.350 to 307.390 and obtain a certificate of inspection and approval and a sticker, seal, or other device from a duly authorized official inspection station. The inspection, except the inspection of school buses which shall be made at the time provided in section 307.375, shall be made at the time prescribed in the rules and regulations issued by the superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be made more than sixty days prior to the date of application for registration or within sixty days of when a vehicle's registration is transferred. Any vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved pursuant to the safety inspection program established pursuant to sections 307.350 to 307.390 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to 307.390 in each odd-numbered year. The certificate of inspection and approval shall be a sticker, seal, or other device or combination thereof, as the superintendent of the Missouri state highway patrol prescribes by regulation and shall be displayed upon the motor vehicle or trailer as prescribed by the regulations established by him. The replacement of certificates of inspection and approval which are lost or destroyed shall be made by the superintendent of the Missouri state highway patrol under regulations prescribed by him.

2. For the purpose of obtaining an inspection only, it shall be lawful to operate a vehicle over the most direct route between the owner's usual place of residence and an inspection station of such owner's choice, notwithstanding the fact that the vehicle does not have a current state registration license. It shall also be lawful to operate such a vehicle from an inspection station to another place where repairs may be made and to return the vehicle to the inspection station notwithstanding the absence of a current state registration license.

3. No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144 or a set of any license plates available pursuant to section 301.142, prior to the expiration date of such motor vehicle's current registration.

4. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.]

[307.353. Other provisions of law notwithstanding, no person shall be required to have a biennial vehicle inspection during a registration period which exceeds two years. The inspection required at the beginning of the registration period shall be valid for the entire registration period.]

[307.355. 1. No state registration license to operate the type of vehicle required to be inspected by section 307.350 may be transferred or issued during a biennial registration year in which the vehicle is required to be inspected unless the application is accompanied by a certificate of inspection and approval issued no more than sixty days prior to the date of application, or in the case of school buses, which will be required to be inspected annually as provided in section 307.375, except:

(1) The director of revenue may transfer or issue a state registration license to the type of vehicle required to be inspected by section 307.350 without a certificate of inspection and approval accompanying the application if the director has satisfactory evidence that the vehicle was not in the state of Missouri at any time during the sixty days prior to the date of application; however, the owner of every such vehicle must submit the vehicle for inspection and obtain a certificate of inspection and approval within ten days after the vehicle is first returned to the state of Missouri;

(2) The director of revenue shall renew a vehicle's registration license without a certificate of inspection and approval accompanying the application if satisfactory documentary evidence is presented at the time of application that the license being renewed was properly transferred within a six-month period prior to the expiration of the license being renewed or that the vehicle for which the registration is being issued was issued a registration for a period of less than one year for the registration period just expiring.

2. If due to interstate operation a commercial motor vehicle as defined in section 301.010 or a trailer of the type required to be inspected is required to obtain full fee registration in this and any other state during the same calendar year, no Missouri certificate of inspection and approval is required if the vehicle bears evidence that a current valid inspection sticker or decal was issued by such other state in which the vehicle is registered; provided that the sticker or decal issued by such other state is valid for the registration period in this state.

3. After a commercial motor vehicle as defined in section 301.010 has been registered for the current year, no certificate of inspection and approval is required when a local commercial motor vehicle license is changed to a beyond-local commercial motor vehicle license or when the licensed gross weight is changed during the licensed period.]

[307.380. 1. Every vehicle of the type required to be inspected upon having been involved in an accident and when so directed by a police officer must be inspected and an official certificate of inspection and approval, sticker, seal or other device be obtained for such vehicle before it is again operated on the

highways of this state. At the seller's expense every vehicle of the type required to be inspected by section 307.350, whether new or used, shall immediately prior to sale be fully inspected regardless of any current certificate of inspection and approval, and an appropriate new certificate of inspection and approval, sticker, seal or other device shall be obtained.

2. Nothing contained in the provisions of this section shall be construed to prohibit a dealer or any other person from selling a vehicle without a certificate of inspection and approval if the vehicle is sold for junk, salvage, or for rebuilding, or for vehicles sold at public auction or from dealer to dealer. The purchaser of any vehicle which is purchased for junk, salvage, or for rebuilding, shall give to the seller an affidavit, on a form prescribed by the superintendent of the Missouri state highway patrol, stating that the vehicle is being purchased for one of the reasons stated herein. No vehicle of the type required to be inspected by section 307.350 which is purchased as junk, salvage, or for rebuilding shall again be registered in this state until the owner has submitted the vehicle for inspection and obtained an official certificate of inspection and approval, sticker, seal or other device for such vehicle.

3. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.]

[307.402. All state agencies owning motor vehicles shall be responsible for obtaining an inspection of each of their vehicle's mechanism and equipment in accordance with the provisions of sections 307.350 to 307.402 and obtaining a certificate of inspection and approval and a sticker, seal or other device from a duly authorized official inspection station.]

Section B. The repeal and reenactment of sections 301.020, 301.032, 301.074, 301.132, 301.147, 301.190, 301.191, 301.380, 301.443, 301.800, 307.360, 307.365, 307.370, 307.375, 307.385, 307.390 643.303, and 643.315 and the repeal of sections 307.350, 307.353, 307.355, 307.380, and 307.402 of this act shall become effective January 1, 2019.”; and

“70.370. Within sixty days after this section becomes effective, the governor by and with the advice and consent of the senate shall appoint three commissioners to enter into a compact on behalf of the state of Missouri with the state of Illinois. If the senate is not in session at the time for making any appointment, the governor shall make a temporary appointment as in case of a vacancy. Any two of the commissioners so appointed together with the attorney general of the state of Missouri may act to enter into the following compact:

COMPACT BETWEEN MISSOURI AND ILLINOIS  
CREATING THE BI-STATE DEVELOPMENT AGENCY  
AND THE BI-STATE METROPOLITAN DISTRICT

The states of Missouri and Illinois enter into the following agreement:

#### ARTICLE I

They agree to and pledge each to the other faithful cooperation in the future planning and development of the bi-state metropolitan district, holding in high trust for the benefit of its people and of the nation the special blessings and natural advantages thereof.

To that end the two states create a district to be known as the “Bi-State Metropolitan Development District” (herein referred to as “The District” ) which shall embrace the following territory: The City of St. Louis and the counties of St. Louis [and], St. Charles [and], Jefferson, **and Franklin** in Missouri[,] and the counties of Madison, St. Clair, and Monroe in Illinois.

#### ARTICLE III

There is created “The Bi-State Development Agency of the Missouri-Illinois Metropolitan District” (herein referred to as “The Bi-State Agency” ) which shall be a body corporate and politic. The bi-state agency shall have the following powers:

(1) To plan, construct, maintain, own and operate bridges, tunnels, airports and terminal facilities and to plan and establish policies for sewage and drainage facilities;

(2) To make plans for submission to the communities involved for coordination of streets, highways, parkways, parking areas, terminals, water supply and sewage and disposal works, recreational and conservation facilities and projects, land use pattern and other matters in which joint or coordinated action of the communities within the areas will be generally beneficial;

(3) To charge and collect fees for use of the facilities owned and operated by it;

(4) To issue bonds upon the security of the revenues to be derived from such facilities; and, or upon any property held or to be held by it;

(7) To perform all other necessary and incidental functions; and

(8) To exercise such additional powers as shall be conferred on it by the legislature of either state concurred in by the legislature of the other or by act of Congress.

No property now or hereafter vested in or held by either state, or by any county, city, borough, village, township or other political subdivision, shall be taken by the bi-state agency without the authority or consent of such state, county, city, borough, village, township or other political subdivision, nor shall anything herein impair or invalidate in any way any bonded indebtedness of such state, county, city, borough, village, township or other political subdivision, nor impair the provisions of law regulating the payment into sinking funds of revenues derived from municipal property, or dedicating the revenues derived from any municipal property to a specific purpose.

Unless and until otherwise provided, it shall make an annual report to the governor of each state, setting forth in detail the operations and transactions conducted by it pursuant to this agreement and any legislation thereunder.

Nothing contained in this compact shall impair the powers of any municipality to develop or improve terminal or other facilities.

The bi-state agency shall from time to time make plans for the development of the district; and when such plans are duly approved by the legislatures of the two states, they shall be binding upon both states with the same force and effect as if incorporated in this compact.

The bi-state agency may from time to time make recommendations to the legislatures of the two states or to the Congress of the United States, based upon study and analysis, for the improvement of transportation, terminal, and other facilities in the district.

The bi-state agency may petition any interstate commerce commission (or like body), public service commission, public utilities commission (or like body), or any other federal, municipal, state or local authority, administrative, judicial or legislative, having jurisdiction in the premises, for the adoption and execution of any physical improvements, change in method, rate of transportation, system of handling freight, warehousing, docking, lightering, or transfer of freight, which, in the opinion of the bi-state agency, may be designed to improve or better the handling of commerce in and through the district, or improve terminal and transportation facilities therein. It may intervene in any proceeding affecting the commerce of the district.

#### ARTICLE IV

The bi-state agency shall consist of ten commissioners, five of whom shall be resident voters of the state of Missouri and five of whom shall be resident voters of the state of Illinois. All commissioners shall reside within the bi-state district, the Missouri members to be chosen by the state of Missouri and the Illinois members by the state of Illinois in the manner and for the terms fixed by the legislature of each state except as herein provided.

#### ARTICLE V

The bi-state agency shall elect from its number a chairman, a vice chairman, and may appoint such officers and employees as it may require for the performance of its duties, and shall fix and determine their qualifications and duties.

Until otherwise determined by the legislatures of the two states no action of the bi-state agency shall be binding unless taken at a meeting at which at least three members from each state are present, and unless a majority of the members from each state present at such meeting shall vote in favor thereof. Each state reserves the right hereafter to provide by law for the exercise of the veto power by the governor thereof over any action of any commissioner appointed therefrom.

Until otherwise determined by the action of the legislature of the two states, the bi-state agency shall not incur any obligations for salaries, office or other administrative expenses, prior to the making of appropriations adequate to meet the same.

The bi-state agency is hereby authorized to make suitable rules and regulations not inconsistent with the constitution or laws of the United States or of either state, or of any political subdivision thereof, and subject

to the exercise of the power of Congress, for the improvement of the district, which when concurred in or authorized by the legislatures of both states, shall be binding and effective upon all persons and corporations affected thereby.

The two states shall provide penalties for violations of any order, rule or regulation of the bi-state agency, and for the manner of enforcing same.

#### ARTICLE VI

The bi-state agency is authorized and directed to proceed with the development of the district in accordance with the articles of this compact as rapidly as may be economically practicable and is vested with all necessary and appropriate powers not inconsistent with the constitution or the laws of the United States or of either state, to effectuate the same, except the power to levy taxes or assessments.

It shall render such advice, suggestion and assistance to all municipal officials as will permit all local and municipal improvements, so far as practicable, to fit in with the plan.

All other real property not included in the property listed in subclasses (1) and (2) of Section 4(b) of Article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term "utility, industrial, commercial, railroad and other real property".

2. Pursuant to Article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to Article X, Subsection 2 of Section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section. **This subsection shall not apply to any reliever airport.**

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

(1) Immediate prior use, if any, of such property;

(2) Location of such property;

(3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not

reflect the immediate most suitable economic use of the property;

(4) Other legal restrictions on the use of such property;

(5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;

(6) Size of such property;

(7) Access of such property to public thoroughfares; and

(8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in Section 4(b) of Article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution.

137.017. 1. For general property assessment purposes, the true value in money of land which is in use as agricultural and horticultural property, as defined in section 137.016, shall be that value which such land has for agricultural or horticultural use. The true value of buildings or other structures customarily associated with farming, agricultural, and horticultural uses, excluding residential dwellings and related land, shall be added to the use value of the agricultural and horticultural land to determine the value of the agricultural and horticultural property under sections 137.017 to 137.021.

2. After it has been established that the land is actually agricultural and horticultural property, as defined in section 137.016, and is being valued and assessed accordingly, the land shall remain in this category as long as the owner of the land complies with the provisions of sections 137.017 to 137.021.

3. Continuance of valuation and assessment for general property taxation under the provisions of sections 137.017 to 137.021 shall depend upon continuance of the land being used as agricultural and horticultural property, as defined in section 137.016, and compliance with the other requirements of sections 137.017 to 137.021 and not upon continuance in the same owner of title to the land.

4. For general property assessment purposes, the true value in money of vacant and unused land which is classified as agricultural and horticultural property under subsection 3 of section 137.016 shall be its fair market value. **This subsection shall not apply to any reliever airport.**

**5. For general property assessment purposes, the true value in money of a reliever airport shall be that value which such land has for agricultural or horticultural use.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging placards for use when the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this

subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "DISABLED" as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person, **and shall be surrendered to the department, within thirty days, if a group, organization, or entity that obtained the removable windshield placard due to the transportation of more than one physically disabled person no longer transports more than one disabled person.** When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every four years. The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. Application for license plates or windshield placards issued pursuant to this section shall be made to the director of revenue and shall be accompanied by a statement signed by a licensed physician or other authorized health care practitioner which certifies that the applicant, user, or member of the applicant's household is a physically disabled person as defined by this section.

14. The placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant

for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

15. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

16. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

17. Every new applicant for a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application. Renewal applicants will be required to submit a physician's statement dated no more than ninety days prior to such application upon their first renewal occurring on or after August 1, 2005. Upon completing subsequent renewal applications, a physician's statement dated no more than ninety days prior to such application shall be required every [fourth] **eightth** year. Such physician's statement shall state the expiration date for the temporary windshield placard. If the physician fails to record an expiration date on the physician's statement, the director shall issue the temporary windshield placard for a period of thirty days. The director may stagger the requirement of a physician's statement on all renewals for the initial implementation of a [four-year] **eight-year** period.

18. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered nurses, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or podiatrists to determine whether the physician is duly licensed and registered pursuant to law. If such applicant obtaining a disabled license plate or placard presents proof of disability in the form of a statement from the United States Veterans' Administration verifying that the person is permanently disabled, the applicant shall be exempt from the [four-year] **eight-year** certification requirement of this subsection for renewal of the plate or placard. Initial applications shall be accompanied by the physician's statement required by this section. Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided the physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled persons license plates or windshield placards.

19. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list

of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

20. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

21. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

22. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

23. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

24. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

25. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

27. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis.”; and

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight may apply for special personalized license plates. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.”; and

**MULTISTATE TAX COMPACT****Article I**

The purposes of this compact are to:

1. Facilitate proper determination of state and local tax liability of multistate taxpayers, including the equitable apportionment of tax bases and settlement of apportionment disputes.
2. Promote uniformity or compatibility in significant components of tax systems.
3. Facilitate taxpayer convenience and compliance in the filing of tax returns and in other phases of tax administration.
4. Avoid duplicative taxation.

**Article II**

As used in this compact:

1. “State” means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any territory or possession of the United States.
2. “Subdivision” means any governmental unit or special district of a state.
3. “Taxpayer” means any corporation, partnership, firm, association, governmental unit or agency or

person acting as a business entity in more than one state.

4. “Income tax” means a tax imposed on or measured by net income including any tax imposed on or measured by an amount arrived at by deducting expenses from gross income, one or more forms of which expenses are not specifically and directly related to particular transactions.

5. “Capital stock tax” means a tax measured in any way by the capital of a corporation considered in its entirety.

6. “Gross receipts tax” means a tax, other than a sales tax, which is imposed on or measured by the gross volume of business, in terms of gross receipts or in other terms, and in the determination of which no deduction is allowed which would constitute the tax an income tax.

7. “Sales tax” means a tax imposed with respect to the transfer for a consideration of ownership, possession or custody of tangible personal property or the rendering of services measured by the price of the tangible personal property transferred or services rendered and which is required by state or local law to be separately stated from the sales price by the seller, or which is customarily separately stated from the sales price, but does not include a tax imposed exclusively on the sale of a specifically identified commodity or article or class of commodities or articles.

8. “Use tax” means a nonrecurring tax, other than a sales tax, which

(a) is imposed on or with respect to the exercise or enjoyment of any right or power over tangible personal property incident to the ownership, possession or custody of that property or the leasing of that property from another including any consumption, keeping, retention, or other use of tangible personal property; and

(b) is complementary to a sales tax.

9. “Tax” means an income tax, capital stock tax, gross receipts tax, sales tax, use tax, and any other tax which has a multistate impact, except that the provisions of articles III, IV and V of this compact shall apply only to the taxes specifically designated therein and the provisions of article IX of this compact shall apply only in respect to determinations pursuant to article IV.

### Article III

1. Any taxpayer subject to an income tax whose income is subject to apportionment and allocation for tax purposes pursuant to the laws of a party state or pursuant to the laws of subdivisions in two or more party states may elect to apportion and allocate his income in the manner provided by the laws of such state or by the laws of such states and subdivisions without reference to this compact, or may elect to apportion and allocate in accordance with article IV; **except that for tax years beginning on or after January 1, 2020, any taxpayer subject to the tax imposed by section 143.071 shall apportion and allocate in accordance with the provisions of Chapter 143 and shall not apportion or allocate in accordance with article IV.** This election for any tax year may be made in all party states or subdivisions thereof or in any one or more of the party states or subdivisions thereof without reference to the election made in the others. For the purposes of this paragraph, taxes imposed by subdivisions shall be considered separately from state taxes and the apportionment and allocation also may be applied to the entire tax base. In no instance wherein article IV is employed for all subdivisions of a state may the sum of all apportionments and allocations to subdivisions within a state be greater than the apportionment and allocation that would be assignable to that state if the apportionment or allocation were being made with respect to a state income tax.

2. Each party state or any subdivision thereof which imposes an income tax shall provide by law that any taxpayer required to file a return, whose only activities within the taxing jurisdiction consist of sales and do not include owning or renting real estate or tangible personal property, and whose dollar volume of gross sales made during the tax year within the state or subdivision, as the case may be, is not in excess of \$100,000 may elect to report and pay any tax due on the basis of a percentage of such volume, and shall adopt rates which shall produce a tax which reasonably approximates the tax otherwise due. The multistate tax commission, not more than once in five years, may adjust the \$100,000 figure in order to reflect such changes as may occur in the real value of the dollar, and such adjusted figure, upon adoption by the commission, shall replace the \$100,000 figure specifically provided herein. Each party state and subdivision thereof may make the same election available to taxpayers additional to those specified in this paragraph.

3. Nothing in this article relates to the reporting or payment of any tax other than an income tax.

#### Article IV

1. As used in this article, unless the context otherwise requires:

(1) "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations.

(2) "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.

(3) "Compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.

(4) "Financial organization" means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, investment company, or any type of insurance company.

(5) "Nonbusiness income" means all income other than business income.

(6) "Public utility" means any business entity

(a) which owns or operates any plant, equipment, property, franchise, or license for the transmission of communications, transportation of goods or persons, except by pipeline, or the production, transmission, sale, delivery, or furnishing of electricity, water or steam; and

(b) whose rates of charges for goods or services have been established or approved by a federal, state or local government or governmental agency.

(7) "Sales" means all gross receipts of the taxpayer not allocated under paragraphs of this article.

(8) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

(9) "This state" means the state in which the relevant tax return is filed or, in the case of application of this article, to the apportionment and allocation of income for local tax purposes, the subdivision or local taxing district in which the relevant tax return is filed.

2. Any taxpayer having income from business activity which is taxable both within and without this state, other than activity as a financial organization or public utility or the rendering of purely personal services by an individual, shall allocate and apportion his net income as provided in this article. If a taxpayer has income from business activity as a public utility but derives the greater percentage of his income from activities subject to this article, the taxpayer may elect to allocate and apportion his entire net income as provided in this article.

3. For purposes of allocation and apportionment of income under this article, a taxpayer is taxable in another state if

(1) in that state he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or

(2) that state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

4. Rents and royalties from real or tangible personal property, capital gains, interest, dividends or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in paragraphs 5 through 8 of this article.

5. (1) Net rents and royalties from real property located in this state are allocable to this state.

(2) Net rents and royalties from tangible personal property are allocable to this state:

(a) if and to the extent that the property is utilized in this state; or

(b) in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(3) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

6. (1) Capital gains and losses from sales of real property located in this state are allocable to this state.

(2) Capital gains and losses from sales of tangible personal property are allocable to this state if

(a) the property had a situs in this state at the time of the sale; or

(b) the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

(3) Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

7. Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state.

8. (1) Patent and copyright royalties are allocable to this state:

(a) if and to the extent that the patent or copyright is utilized by the payer in this state; or

(b) if and to the extent that the patent copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(2) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(3) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

9. All business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.

10. The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

11. Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

12. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the tax administrator may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

13. The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period.

14. Compensation is paid in this state if:

(1) the individual's service is performed entirely within the state;

(2) the individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

(3) some of the service is performed in the state; and

(a) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state; or

(b) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

15. The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

16. Sales of tangible personal property are in this state if:

(1) the property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale; or

(2) the property is shipped from an office, store, warehouse, factory, or other place of storage in this state; and

(a) the purchaser is the United States government; or

(b) the taxpayer is not taxable in the state of the purchaser.

17. Sales, other than sales of tangible personal property, are in this state if:

(1) the income-producing activity is performed in this state; or

(2) the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

18. If the allocation and apportionment provisions of this article do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the tax administrator may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

(1) separate accounting;

(2) the exclusion of any one or more of the factors;

(3) the inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this state; or

(4) the employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

#### Article V

1. Each purchaser liable for a use tax on tangible personal property shall be entitled to full credit for the combined amount or amounts of legally imposed sales or use taxes paid by him with respect to the same property to another state and any subdivision thereof. The credit shall be applied first against the amount of any use tax due the state, and any unused portion of the credit shall then be applied against the amount of any use tax due a subdivision.

2. Whenever a vendor receives and accepts in good faith from a purchaser a resale or other exemption certificate or other written evidence of exemption authorized by the appropriate state or subdivision taxing authority, the vendor shall be relieved of liability for a sales or use tax with respect to the transaction.

#### Article VI

1. (a) The multistate tax commission is hereby established. It shall be composed of one "member" from each party state who shall be the head of the state agency charged with the administration of the types of taxes to which this compact applies. If there is more than one such agency the state shall provide by law for the selection of the commission member from the heads of the relevant agencies. State law may provide that a member of the commission be represented by an alternate but only if there is on file with the commission written notification of the designation and identity of the alternate. The attorney general of each party state or his designee, or other counsel if the laws of the party state specifically provide, shall be entitled to attend

the meetings of the commission, but shall not vote. Such attorneys general, designees, or other counsel shall receive all notices of meetings required under paragraph 1 (e) of this article.

(b) Each party state shall provide by law for the selection of representatives from its subdivisions affected by this compact to consult with the commission member from that state.

(c) Each member shall be entitled to one vote. The commission shall not act unless a majority of the members are present, and no action shall be binding unless approved by a majority of the total number of members.

(d) The commission shall adopt an official seal to be used as it may provide.

(e) The commission shall hold an annual meeting and such other regular meetings as its bylaws may provide and such special meetings as its executive committee may determine. The commission bylaws shall specify the dates of the annual and any other regular meetings, and shall provide for the giving of notice of annual, regular and special meetings. Notices of special meetings shall include the reasons therefor and an agenda of the items to be considered.

(f) The commission shall elect annually, from among its members, a chairman, a vice chairman and a treasurer. The commission shall appoint an executive director who shall serve at its pleasure, and it shall fix his duties and compensation. The executive director shall be secretary of the commission. The commission shall make provision for the bonding of such of its officers and employees as it may deem appropriate.

(g) Irrespective of the civil service, personnel or other merit system laws of any party state, the executive director shall appoint or discharge such personnel as may be necessary for the performance of the functions of the commission and shall fix their duties and compensation. The commission bylaws shall provide for personnel policies and programs.

(h) The commission may borrow, accept or contract for the services of personnel from any state, the United States, or any other governmental entity.

(i) The commission may accept for any of its purposes and functions any and all donations and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any governmental entity, and may utilize and dispose of the same.

(j) The commission may establish one or more offices for the transacting of its business.

(k) The commission shall adopt bylaws for the conduct of its business. The commission shall publish its bylaws in convenient form, and shall file a copy of the bylaws and any amendments thereto with the appropriate agency or officer in each of the party states.

(l) The commission annually shall make to the governor and legislature of each party state a report covering its activities for the preceding year. Any donation or grant accepted by the commission or services borrowed shall be reported in the annual report of the commission, and shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender. The commission may make additional reports as it may deem desirable.

2. (a) To assist in the conduct of its business when the full commission is not meeting, the commission shall have an executive committee of seven members, including the chairman, vice chairman, treasurer and four other members elected annually by the commission. The executive committee, subject to the provisions of this compact and consistent with the policies of the commission, shall function as provided in the bylaws

of the commission.

(b) The commission may establish advisory and technical committees, membership on which may include private persons and public officials, in furthering any of its activities. Such committees may consider any matter of concern to the commission, including problems of special interest to any party state and problems dealing with particular types of taxes.

(c) The commission may establish such additional committees as its bylaws may provide.

3. In addition to powers conferred elsewhere in this compact, the commission shall have power to:

(a) Study state and local tax systems and particular types of state and local taxes.

(b) Develop and recommend proposals for an increase in uniformity or compatibility of state and local tax laws with a view toward encouraging the simplification and improvement of state and local tax law and administration.

(c) Compile and publish information as in its judgment would assist the party states in implementation of the compact and taxpayers in complying with state and local tax laws.

(d) Do all things necessary and incidental to the administration of its functions pursuant to this compact.

4. (a) The commission shall submit to the governor or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that state for presentation to the legislature thereof.

(b) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amounts to be appropriated by each of the party states. The total amount of appropriations requested under any such budget shall be apportioned among the party states as follows: one-tenth in equal shares; and the remainder in proportion to the amount of revenue collected by each party state and its subdivisions from income taxes, capital stock taxes, gross receipts taxes, sales and use taxes. In determining such amounts, the commission shall employ such available public sources of information as, in its judgment, present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the sources used in obtaining information employed in applying the formula contained in this paragraph.

(c) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under paragraph 1 (i) of this article; provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under paragraph 1 (i), the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained in this article shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

#### Article VII

1. Whenever any two or more party states, or subdivisions of party states, have uniform or similar provisions of law relating to an income tax, capital stock tax, gross receipts tax, sales or use tax, the commission may adopt uniform regulations for any phase of the administration of such law, including assertion of jurisdiction to tax, or prescribing uniform tax forms. The commission may also act with respect to the provisions of article IV of this compact.

2. Prior to the adoption of any regulation, the commission shall:

(a) As provided in its bylaws, hold at least one public hearing on due notice to all affected party states and subdivisions thereof and to all taxpayers and other persons who have made timely request of the commission for advance notice of its regulation-making proceedings.

(b) Afford all affected party states and subdivisions and interested persons an opportunity to submit relevant written data and views, which shall be considered fully by the commission.

3. The commission shall submit any regulations adopted by it to the appropriate officials of all party states and subdivisions to which they might apply. Each such state and subdivision shall consider any such regulation for adoption in accordance with its own laws and procedures.

#### Article VIII

1. This article shall be in force only in those party states that specifically provide therefor by statute.

2. Any party state or subdivision thereof desiring to make or participate in an audit of any accounts, books, papers, records or other documents may request the commission to perform the audit on its behalf. In responding to the request, the commission shall have access to and may examine, at any reasonable time, such accounts, books, papers, records, and other documents and any relevant property or stock of merchandise. The commission may enter into agreements with party states or their subdivisions for assistance in performance of the audit. The commission shall make charges, to be paid by the state or local government or governments for which it performs the service, for any audits performed by it in order to reimburse itself for the actual costs incurred in making the audit.

3. The commission may require the attendance of any person within the state where it is conducting an audit or part thereof at a time and place fixed by it within such state for the purpose of giving testimony with respect to any account, book, paper, document, other record, property or stock of merchandise being examined in connection with the audit. If the person is not within the jurisdiction, he may be required to attend for such purpose at any time and place fixed by the commission within the state of which he is a resident; provided that such state has adopted this article.

4. The commission may apply to any court having power to issue compulsory process for orders in aid of its powers and responsibilities pursuant to this article and any and all such courts shall have jurisdiction to issue such orders. Failure of any person to obey any such order shall be punishable as contempt of the issuing court. If the party or subject matter on account of which the commission seeks an order is within the jurisdiction of the court to which application is made, such application may be to a court in the state or subdivision on behalf of which the audit is being made or a court in the state in which the object of the order

being sought is situated. The provisions of this paragraph apply only to courts in a state that has adopted this article.

5. The commission may decline to perform any audit requested if it finds that its available personnel or other resources are insufficient for the purpose or that, in the terms requested, the audit is impracticable of satisfactory performance. If the commission, on the basis of its experience, has reason to believe that an audit of a particular taxpayer, either at a particular time or on a particular schedule, would be of interest to a number of party states or their subdivisions, it may offer to make the audit or audits, the offer to be contingent on sufficient participation therein as determined by the commission.

6. Information obtained by any audit pursuant to this article shall be confidential and available only for tax purposes to party states, their subdivisions or the United States. Availability of information shall be in accordance with the laws of the states or subdivisions on whose account the commission performs the audit, and only through the appropriate agencies or officers of such states or subdivisions. Nothing in this article shall be construed to require any taxpayer to keep records for any period not otherwise required by law.

7. Other arrangements made or authorized pursuant to law for cooperative audit by or on behalf of the party states or any of their subdivisions are not superseded or invalidated by this article.

8. In no event shall the commission make any charge against a taxpayer for an audit.

9. As used in this article, “tax” in addition to the meaning ascribed to it in article II, means any tax or license fee imposed in whole or in part for revenue purposes.

#### Article IX

1. Whenever the commission finds a need for settling disputes concerning apportionments and allocations by arbitration, it may adopt a regulation placing this article in effect, notwithstanding the provisions of article VII.

2. The commission shall select and maintain an arbitration panel composed of officers and employees of state and local governments and private persons who shall be knowledgeable and experienced in matters of tax law and administration.

3. Whenever a taxpayer who has elected to employ article IV, or whenever the laws of the party state or subdivision thereof are substantially identical with the relevant provisions of article IV, the taxpayer, by written notice to the commission and to each party state or subdivision thereof that would be affected, may secure arbitration of an apportionment or allocation, if he is dissatisfied with the final administrative determination of the tax agency of the state or subdivision with respect thereto on the ground that it would subject him to double or multiple taxation by two or more party states or subdivisions thereof. Each party state and subdivision thereof hereby consents to the arbitration as provided herein, and agrees to be bound thereby.

4. The arbitration board shall be composed of one person selected by the taxpayer, one by the agency or agencies involved, and one member of the commission’s arbitration panel. If the agencies involved are unable to agree on the person to be selected by them, such person shall be selected by lot from the total membership of the arbitration panel. The two persons selected for the board in the manner provided by the foregoing provisions of this paragraph shall jointly select the third member of the board. If they are unable to agree on the selection, the third member shall be selected by lot from among the total membership of the arbitration panel. No member of a board selected by lot shall be qualified to serve if he is an officer or

employee or is otherwise affiliated with any party to the arbitration proceeding. Residence within the jurisdiction of a party to the arbitration proceeding shall not constitute affiliation within the meaning of this paragraph.

5. The board may sit in any state or subdivision party to the proceeding, in the state of the taxpayer's incorporation, residence or domicile, in any state where the taxpayer does business, or in any place that it finds most appropriate for gaining access to evidence relevant to the matter before it.

6. The board shall give due notice of the times and places of its hearings. The parties shall be entitled to be heard, to present evidence, and to examine and cross-examine witnesses. The board shall act by majority vote.

7. The board shall have power to administer oaths, take testimony, subpoena and require the attendance of witnesses and the production of accounts, books, papers, records, and other documents, and issue commissions to take testimony. Subpoenas may be signed by any member of the board. In case of failure to obey a subpoena, and upon application by the board, any judge of a court of competent jurisdiction of the state in which the board is sitting or in which the person to whom the subpoena is directed may be found may make an order requiring compliance with the subpoena, and the court may punish failure to obey the order as a contempt. The provisions of this paragraph apply only in states that have adopted this article.

8. Unless the parties otherwise agree the expenses and other costs of the arbitration shall be assessed and allocated among the parties by the board in such manner as it may determine. The commission shall fix a schedule of compensation for members of arbitration boards and of other allowable expenses and costs. No officer or employee of a state or local government who serves as a member of a board shall be entitled to compensation therefor unless he is required on account of his service to forego the regular compensation attaching to his public employment, but any such board member shall be entitled to expenses.

9. The board shall determine the disputed apportionment or allocation and any matters necessary thereto. The determinations of the board shall be final for purposes of making the apportionment or allocation, but for no other purpose.

10. The board shall file with the commission and with each tax agency represented in the proceeding: the determination of the board; the board's written statement of its reasons therefor; the record of the board's proceedings; and any other documents required by the arbitration rules of the commission to be filed.

11. The commission shall publish the determinations of boards together with the statements of the reasons therefor.

12. The commission shall adopt and publish rules of procedure and practice and shall file a copy of such rules and of any amendment thereto with the appropriate agency or officer in each of the party states.

13. Nothing contained herein shall prevent at any time a written compromise of any matter or matters in dispute, if otherwise lawful, by the parties to the arbitration proceeding.

#### Article X

1. This compact shall enter into force when enacted into law by any seven states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof. The commission shall arrange for notification of all party states whenever there is a new enactment of the compact.

2. Any party state may withdraw from this compact by enacting a statute repealing the same. No

withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

3. No proceeding commenced before an arbitration board prior to the withdrawal of a state and to which the withdrawing state or any subdivision thereof is a party shall be discontinued or terminated by the withdrawal, nor shall the board thereby lose jurisdiction over any of the parties to the proceeding necessary to make a binding determination therein.

#### Article XI

Nothing in this compact shall be construed to:

(a) Affect the power of any state or subdivision thereof to fix rates of taxation, except that a party state shall be obligated to implement article III 2 of this compact.

(b) Apply to any tax or fixed fee imposed for the registration of a motor vehicle or any tax on motor fuel, other than a sales tax; provided that the definition of “tax” in article VIII 9 may apply for the purposes of that article and the commission’s powers of study and recommendation pursuant to article VI 3 may apply.

(c) Withdraw or limit the jurisdiction of any state or local court or administrative officer or body with respect to any person, corporation or other entity or subject matter, except to the extent that such jurisdiction is expressly conferred by or pursuant to this compact upon another agency or body.

(d) Supersede or limit the jurisdiction of any court of the United States.

#### Article XII

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

143.011. 1. A tax is hereby imposed for every taxable year on the Missouri taxable income of every resident. The tax shall be determined by applying the tax table or the rate provided in section 143.021, which is based upon the following rates:

If the Missouri taxable income is:

The tax is:

Not over \$1,000.00

Each reduction in the top rate of tax shall be by one-tenth of a percent and no more than one reduction shall occur in a calendar year. The top rate of tax shall not be reduced below five and one-half percent. Reductions in the rate of tax shall take effect on January first of a calendar year and such reduced rates shall continue in effect until the next reduction occurs.

(2) A reduction in the rate of tax shall only occur if the amount of net general revenue collected in the previous fiscal year exceeds the highest amount of net general revenue collected in any of the three fiscal years prior to such fiscal year by at least one hundred fifty million dollars.

(3) Any modification of tax rates under this subsection shall only apply to tax years that begin on or after a modification takes effect.

The director shall publish such brackets annually beginning on or after October 1, 2016. Modifications to the brackets shall take effect on January first of each calendar year and shall apply to tax years beginning on or after the effective date of the new brackets.

4. As used in this section, the following terms mean:

(1) "CPI", the Consumer Price Index for All Urban Consumers for the United States as reported by the Bureau of Labor Statistics, or its successor index;

(2) "CPI for the preceding calendar year", the average of the CPI as of the close of the twelve month period ending on August thirty-first of such calendar year;

143.071. 1. For all tax years beginning before September 1, 1993, a tax is hereby imposed upon the Missouri taxable income of corporations in an amount equal to five percent of Missouri taxable income.

2. For all tax years beginning on or after September 1, 1993, **and ending on or before December 31, 2020**, a tax is hereby imposed upon the Missouri taxable income of corporations in an amount equal to six and one-fourth percent of Missouri taxable income.

3. For all tax years beginning on or after January 1, 2020, a tax is hereby imposed upon the Missouri taxable income of corporations in an amount equal to three and nine-tenths percent of Missouri taxable income.

4. The provisions of this section shall not apply to out-of-state businesses operating under sections 190.270 to 190.285.

143.431. 1. The Missouri taxable income of a corporation taxable under sections 143.011 to 143.996 shall be so much of its federal taxable income for the taxable year, with the modifications specified in subsections 2 to 4 of this section, as is derived from sources within Missouri as provided in section 143.451. The tax of a corporation shall be computed on its Missouri taxable income at the rates provided in section 143.071.

2. There shall be added to or subtracted from federal taxable income the modifications to adjusted gross income provided in section 143.121, with the exception of subdivision (5) of subsection 2 of section 143.121, and the applicable modifications to itemized deductions provided in section 143.141. There shall be subtracted the federal income tax deduction provided in section 143.171. There shall be subtracted, to the extent included in federal taxable income, corporate dividends from sources within Missouri.

3. (1) If an affiliated group of corporations files a consolidated income tax return for the taxable year for federal income tax purposes [and fifty percent or more of its income is derived from sources within this state as determined in accordance with section 143.451], then it may elect to file a Missouri consolidated income tax return. The federal consolidated taxable income of the electing affiliated group for the taxable year shall be its federal taxable income. **All transactions between affiliated members of the affiliated group shall be eliminated on the Missouri consolidated income tax return.**

(2) So long as a federal consolidated income tax return is filed, an election made by an affiliated group of corporations to file a Missouri consolidated income tax return may be withdrawn or revoked only upon substantial change in the law or regulations adversely changing tax liability under this chapter, or with permission of the director of revenue upon the showing of good cause for such action. After such a withdrawal or revocation with respect to an affiliated group, it may not file a Missouri consolidated income tax return for five years thereafter, except with the approval of the director of revenue, and subject to such terms and conditions as he may prescribe.

(3) No corporation which is part of an affiliated group of corporations filing a Missouri consolidated income tax return shall be required to file a separate Missouri corporate income tax return for the taxable year.

(4) For each taxable year an affiliated group of corporations filing a federal consolidated income tax return does not file a Missouri consolidated income tax return, for purposes of computing the Missouri income tax, the federal taxable income of each member of the affiliated group shall be determined as if a separate federal income tax return had been filed by each such member.

(5) The director of revenue may prescribe such regulations not inconsistent with the provisions of this chapter as he may deem necessary in order that the tax liability of any affiliated group of corporations making a Missouri consolidated income tax return, and of each corporation in the group, before, during, and after the period of affiliation, may be returned, determined, computed, assessed, collected, and adjusted, in such manner as clearly to reflect the Missouri taxable income derived from sources within this state and in order to prevent avoidance of such tax liability.

4. If a net operating loss deduction is allowed for the taxable year, there shall be added to federal taxable income the amount of the net operating loss modification for each loss year as to which a portion of the net operating loss deduction is attributable. As used in this subsection, the following terms mean:

(1) “Loss year”, the taxable year in which there occurs a federal net operating loss that is carried back or carried forward in whole or in part to another taxable year;

(2) “Net addition modification”, for any taxable year, the amount by which the sum of all required additions to federal taxable income provided in this chapter, except for the net operating loss modification, exceeds the combined sum of the amount of all required subtractions from federal taxable income provided in this chapter;

(3) “Net operating loss deduction”, a net operating loss deduction allowed for federal income tax purposes under Section 172 of the Internal Revenue Code of 1986, as amended, or a net operating loss deduction allowed for Missouri income tax purposes under paragraph (d) of subsection 2 of section 143.121, but not including any net operating loss deduction that is allowed for federal income tax purposes but disallowed for Missouri income tax purposes under paragraph (d) of subsection 2 of section 143.121;

(4) “Net operating loss modification”, an amount equal to the lesser of the amount of the net operating loss deduction attributable to that loss year or the amount by which the total net operating loss in the loss year is less than the sum of:

(a) The net addition modification for that loss year; and

(b) The cumulative net operating loss deductions attributable to that loss year allowed for the taxable year and all prior taxable years.

5. For all tax years ending on or after July 1, 2002, federal taxable income may be a positive or negative amount. Subsection 4 of this section shall be effective for all tax years with a net operating loss deduction attributable to a loss year ending on or after July 1, 2002, and the net operating loss modification shall only apply to loss years ending on or after July 1, 2002.

143.451. 1. Missouri taxable income of a corporation shall include all income derived from sources within this state.

2. **For all tax years ending on or before December 31, 2019**, a corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be allocated in this state and the other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner, or the manner set forth in subdivision (3) of this subsection:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the

amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. “Wholly in this state” if both the seller’s shipping point and the purchaser’s destination point are in this state;

b. “Partly within this state and partly without this state” if the seller’s shipping point is in this state and the purchaser’s destination point is outside this state, or the seller’s shipping point is outside this state and the purchaser’s destination point is in this state;

c. Not “wholly in this state” or not “partly within this state and partly without this state” only if both the seller’s shipping point and the purchaser’s destination point are outside this state.

(d) For purposes of this subdivision:

a. The purchaser’s destination point shall be determined without regard to the FOB point or other conditions of the sale; and

b. The seller’s shipping point is determined without regard to the location of the seller’s principle office or place of business.

(3) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state;

(b) The amount of sales which are transactions in this state shall be divided by the total sales, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction;

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. “In this state” if the purchaser’s destination point is in this state;

b. Not “in this state” if the purchaser’s destination point is outside this state;

(d) For purposes of this subdivision, the purchaser’s destination point shall be determined without regard to the FOB point or other conditions of the sale and shall not be in this state if the purchaser received the tangible personal property from the seller in this state for delivery to the purchaser’s location outside this state;

(e) For the purposes of this subdivision, a transaction involving the sale other than the sale of tangible

property is “in this state” if the taxpayer’s market for the sales is in this state. The taxpayer’s market for sales is in this state:

a. In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this state;

b. In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this state;

c. In the case of sale of a service, if and to the extent the ultimate beneficiary of the service is located in this state and shall not be in this state if the ultimate beneficiary of the service rendered by the taxpayer or the taxpayer’s designee is located outside this state; and

d. In the case of intangible property:

(i) That is rented, leased, or licensed, if and to the extent the property is used in this state by the rentee, lessee, or licensee, provided that intangible property utilized in marketing a good or service to a consumer is “used in this state” if that good or service is purchased by a consumer who is in this state. Franchise fees or royalties received for the rent, lease, license, or use of a trade name, trademark, service mark, or franchise system or provides a right to conduct business activity in a specific geographic area are “used in this state” to the extent the franchise location is in this state; and

(ii) That is sold, if and to the extent the property is used in this state, provided that:

i. A contract right, government license, or similar intangible property that authorizes the holder to conduct a business activity in a specific geographic area is “used in this state” if the geographic area includes all or part of this state;

ii. Receipts from intangible property sales that are contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease, or licensing of such intangible property under item (i) of this subparagraph; and

iii. All other receipts from a sales of intangible property shall be excluded from the numerator and denominator of the sales factor;

(f) If the state or states of assignment under paragraph (e) of this subdivision cannot be determined, the state or states of assignment shall be reasonably approximated;

(g) If the state of assignment cannot be determined under paragraph (e) of this subdivision or reasonably approximated under paragraph (f) of this subdivision, such sales shall be excluded from the denominator of the sales factor;

(h) The director may prescribe such rules and regulations as necessary or appropriate to carry out the purposes of this section.

(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(a) “Administration services” include, but are not limited to, clerical, fund or shareholder accounting, participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal and tax services performed for an investment company;

(b) “Affiliate”, the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from

time to time;

(c) “Distribution services” include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) “Investment company”, any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) “Investment funds service corporation” includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) “Management services” include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

b. For a person that has entered into such contract with the investment company; or

c. For a person that is affiliated with a person that has entered into such contract with an investment company;

(g) “Qualifying sales”, gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, “gross income” is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) “Residence”, presumptively the fund shareholder’s mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual knowledge that the fund shareholder’s primary residence or principal place of business is different than the fund shareholder’s mailing address such presumption shall not control. To the extent an investment funds

service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder's residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders resided in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December

thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any

shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter.

10. The provisions of this section do not impact any other apportionment election available to a taxpayer under Missouri statutes.

**143.455. 1. Missouri taxable income of a corporation shall include all income derived from sources within this state.**

**2. For all tax years beginning on or after January 1, 2020, a corporation described in subdivision (1) of subsection 1 of section 143.441 shall determine its income derived from sources within this state by allocating and apportioning its net income as provided in this section.**

**3. As used in this section, unless the context otherwise requires, the following terms mean:**

**(1) “Apportionable income”:**

**(a) All income that is apportionable under the Constitution of the United States and is not allocated under the laws of this state, including:**

**a. Income arising from transactions and activity in the regular course of the corporation’s trade or business; and**

**b. Income arising from tangible and intangible property if the acquisition, management, employment, development, or disposition of the property is or was related to the operation of the corporation’s trade or business; and**

**(b) Any income that would be allocable to this state under the Constitution of the United States, but that is apportioned rather than allocated pursuant to the laws of this state;**

**(2) “Commercial domicile”, the principal place from which the trade or business of the corporation is directed or managed;**

**(3) “Financial organization”, any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, investment company, or any type of insurance company;**

**(4) “Non-apportionable income”, all income other than apportionable income;**

**(5) “Public utility”, any business entity:**

**(a) Which owns or operates any plant, equipment, property, franchise, or license for the transmission of communications, transportation of goods or persons, except by pipeline, or the production, transmission, sale, delivery, or furnishing of electricity, water or steam; and**

**(b) Whose rates of charges for goods or services have been established or approved by a federal, state, or local government or governmental agency;**

**(6) “Receipts”, all gross receipts of the corporation that are not allocated under the provisions of this section, and that are received from transactions and activity in the regular course of the corporation’s trade or business; except that receipts of a corporation from hedging transactions and from the maturity, redemption, sale, exchange, loan or other disposition of cash or securities, shall be excluded.**

**4. For purposes of allocation and apportionment of income under this section, a corporation is taxable in another state if:**

**(1) In that state it is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or**

**(2) That state has jurisdiction to subject the corporation to a net income tax regardless of whether, in fact, the state does or does not do so.**

**5. Rents and royalties from real or tangible personal property, capital gains, interest, dividends or patent or copyright royalties, to the extent that they constitute nonapportionable income, shall be allocated as provided in subsections 6 to 9 of this section.**

**6. (1) Net rents and royalties from real property located in this state are allocable to this state.**

**(2) Net rents and royalties from tangible personal property are allocable to this state:**

**(a) If and to the extent the property is utilized in this state; or**

**(b) In their entirety if the corporation's commercial domicile is in this state and the corporation is not organized under the laws of or taxable in the state in which the property is utilized.**

**(3) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the corporation, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.**

**7. (1) Capital gains and losses from sales of real property located in this state are allocable to this state.**

**(2) Capital gains and losses from sales of tangible personal property are allocable to this state if:**

**(a) The property had a situs in this state at the time of the sale; or**

**(b) The corporation's commercial domicile is in this state and the corporation is not taxable in the state in which the property had a situs.**

**(3) Capital gains and losses from sales of intangible personal property are allocable to this state if the corporation's commercial domicile is in this state.**

**8. Interest and dividends are allocable to this state if the corporation's commercial domicile is in this state.**

**9. (1) Patent and copyright royalties are allocable to this state:**

**(a) If and to the extent that the patent or copyright is utilized by the payer in this state; or**

**(b) If and to the extent that the patent or copyright is utilized by the payer in a state in which the corporation is not taxable and the corporation's commercial domicile is in this state.**

**(2) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which**

the corporation's commercial domicile is located.

(3) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the corporation's commercial domicile is located.

10. All apportionable income shall be apportioned to this state by multiplying the net income by a fraction, the numerator of which is the total receipts of the corporation in this state during the tax period and the denominator of which is the total receipts of the corporation everywhere during the tax period.

11. Receipts from the sale of tangible personal property are in this state if the property is received in this state by the purchaser. In the case of the delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser, the place at which the goods are ultimately received after all transportation has been completed shall be considered as the place at which the goods are received by the purchaser. Direct delivery into this state by the taxpayer to a person or firm designated by a purchaser from within or without the state shall constitute delivery to the purchaser in this state.

12. (1) Receipts, other than receipts described in subsection 11 of this section, are in this state if the corporation's market for the sales is in this state. The corporation's market for sales is in this state:

(a) In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this state;

(b) In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this state;

(c) In the case of sale of a service, if and to the extent the ultimate beneficiary of the service is located in this state and shall not be in this state if the ultimate beneficiary of the service rendered by the corporation or the corporation's designee is located outside this state; and

(d) In the case of intangible property:

a. That is rented, leased, or licensed, if and to the extent the property is used in this state, provided that intangible property utilized in marketing a good or service to a consumer is "used in this state" if that good or service is purchased by a consumer who is in this state. Franchise fees or royalties received for the rent, lease, license, or use of a trade name, trademark, service mark, or franchise system or provides a right to conduct business activity in a specific geographic area "are used in this state" to the extent the franchise is located in this state; and

b. That is sold, if and to the extent the property is used in this state, provided that:

(i) A contract right, government license, or similar intangible property that authorizes the holder to conduct a business activity in a specific geographic area is "used in this state" if the geographic area includes all or part of this state;

(ii) Receipts from intangible property sales that are contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease, or licensing of such intangible property under subparagraph a. of this paragraph; and

(iii) All other receipts from a sale of intangible property shall be excluded from the numerator and denominator of the receipts factor.

(2) If the state or states of assignment under subdivision (1) of this subsection cannot be determined, the state or states of assignment shall be reasonably approximated.

(3) The director may prescribe regulations as necessary or appropriate to carry out the purposes of this section.

13. (1) In the case of certain industries where unusual factual situations produce inequitable results under the apportionment and allocation provisions of this section, the director shall promulgate rules for determining the apportionment and allocation factors for each such industry, but such rules shall be applied uniformly.

(2) If the allocation and apportionment provisions of this section do not fairly represent the extent of the corporation's income applicable to this state, the corporation may petition for or the director may require:

(a) Separate accounting;

(b) The inclusion of one or more additional factors which will fairly represent the corporation's income applicable to this state; or

(c) The employment of any other method to effectuate an equitable allocation and apportionment of the corporation's income.

(3) The party petitioning for, or the director requiring, the use of any method to effectuate an equitable allocation and apportionment of the corporation's income pursuant to subdivision (2) of this subsection shall prove by a preponderance of evidence:

(a) That the allocation and apportionment provisions of this section do not fairly represent the extent of the corporation's income applicable to this state; and

(b) That the alternative to such provisions is reasonable.

The same burden of proof shall apply whether the corporation is petitioning for, or the director is requiring, the use of any reasonable method to effectuate an equitable allocation and apportionment of the corporation's income. Notwithstanding the previous sentence, if the director can show that in any two of the prior five tax years, the corporation had used an allocation or apportionment method at variance with its allocation or apportionment method or methods used for such other tax years, then the director shall not bear the burden of proof in imposing a different method pursuant to subdivision (2) of this subsection.

(4) If the director requires any method to effectuate an equitable allocation and apportionment of the corporation's income, the director cannot impose any civil or criminal penalty with reference to the tax due that is attributable to the corporation's reasonable reliance solely on the allocation and apportionment provisions of this section.

(5) A corporation that has received written permission from the director to use a reasonable method to effectuate an equitable allocation and apportionment of the corporation's income shall not have that permission revoked with respect to transactions and activities that have already occurred unless there has been a material change in, or a material misrepresentation of, the facts provided by

the corporation upon which the director reasonably relied.

14. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state. Such report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. This subsection shall not apply to a railroad.

15. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only rails and lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the rails and lines of such corporation in the state shall bear to the total mileage used over the rails and lines of such corporation. The corporation may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

16. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting the same to or from another net income or loss shown by the return.

17. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The corporation may elect to compute the portion

of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the corporation shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

18. From the income determined in this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

19. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the deduction.

20. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter.

143.461. 1. A corporation shall elect to determine income applicable to this state by multiplying the total income from all sources by the fraction determined in the manner in section 143.451 **for all tax years ending on or before December 31, 2019, and for all tax years beginning on or before January 1, 2020, in the manner set forth in section 143.455**; first, by filing written notice with the director of revenue on or before the due date of the return (including extensions of time) of the taxpayer's election, or, second, by failing to keep its books and records in such manner as to show the income applicable to this state, including gross income and deductions applicable thereto.

2. If the corporation shall keep its books and records so as to show **the income applicable to this state** by any other method of allocation between this state and other states [involved of income from transactions partially within and partially without this state], including gross income and deductions applicable thereto, and such method shows the income applicable to this state, including gross income and deductions applicable thereto, then it may, on or before sixty days before the end of any taxable year, petition the director of revenue, in writing, to be permitted in its return required to be filed to apportion to this state according to the method shown by such books or records. If the director of revenue finds that such method does show the income applicable to this state including gross income and the deductions applicable thereto, he **or she** shall notify the corporation, at least thirty days prior to the last day on which such corporation's return for that taxable year is to be filed, that it may use that method **for the shorter of five years or** as long as such method shows the income applicable to this state, including gross income and deductions applicable thereto.

3. The corporation shall cease using such method **after the shorter of five years or** whenever the director of revenue finds and notifies such corporation on or before ninety days before the end of the taxable year, that such method does not so show. Upon and after such **expiration or** revocation the corporation shall be permitted to petition to use **the same or** another method of allocation that will show such income including gross income and deductions applicable thereto as though no petition had ever been filed.

4. Failure, after a method has **expired or** been revoked by the director of revenue, to submit a method which the director of revenue finds will show such income applicable to this state including gross income and deductions applicable thereto, on or before sixty days before the end of any taxable year, or failure to make a return on the basis, which has been approved by the director of revenue on petition of the corporation and which stands unrevoked **or unexpired**, shall constitute an election to accept the determination of income applicable to this state by multiplying the total income from all sources by the fraction determined in the manner set forth in section 143.451 **for all tax years ending on or before December 31, 2019, and for all tax years beginning on or before January 1, 2020, in the manner set forth in section 143.455.**

143.471. 1. An S corporation, as defined by Section 1361 (a)(1) of the Internal Revenue Code, shall not be subject to the taxes imposed by section 143.071, or other sections imposing income tax on corporations.

2. A shareholder of an S corporation shall determine such shareholder's S corporation modification and pro rata share, including its character, by applying the following:

(1) Any modification described in sections 143.121 and 143.141 which relates to an item of S corporation income, gain, loss, or deduction shall be made in accordance with the shareholder's pro rata share, for federal income tax purposes, of the item to which the modification relates. Where a shareholder's pro rata share of any such item is not required to be taken into account separately for federal income tax purposes, the shareholder's pro rata share of such item shall be determined in accordance with his pro rata share, for federal income tax purposes, of S corporation taxable income or loss generally;

(2) Each item of S corporation income, gain, loss, or deduction shall have the same character for a shareholder pursuant to sections 143.005 to 143.998 as it has for federal income tax purposes. Where an item is not characterized for federal income tax purposes, it shall have the same character for a shareholder as if realized directly from the source from which realized by the S corporation or incurred in the same manner as incurred by the S corporation.

3. A nonresident shareholder of an S corporation shall determine such shareholder's Missouri nonresident adjusted gross income and his or her nonresident shareholder modification by applying the provisions of this subsection. Items shall be determined to be from sources within this state pursuant to regulations of the director of revenue in a manner consistent with the division of income provisions of section 143.451, section 143.461, or section 32.200 (Multistate Tax Compact). In determining the adjusted gross income of a nonresident shareholder of any S corporation, there shall be included only that part derived from or connected with sources in this state of the shareholder's pro rata share of items of S corporation income, gain, loss or deduction entering into shareholder's federal adjusted gross income, as such part is determined pursuant to regulations prescribed by the director of revenue in accordance with the general rules in section 143.181. Any modification described in subsections 2 and 3 of section 143.121 and in section 143.141, which relates to an item of S corporation income, gain, loss, or deduction shall be made in accordance with the shareholder's pro rata share, for federal income tax purposes, of the item to which the modification relates, but limited to the portion of such item derived from or connected with sources in

this state.

**4. Notwithstanding subsection 3 of this section to the contrary, for all tax years beginning on or after January 1, 2020, the items referred to in that subsection shall be determined to be from sources within this state pursuant to regulations of the director of revenue in a manner consistent with the division of income provisions of section 143.455 and section 143.461.**

5. The director of revenue shall permit S corporations to file composite returns and to make composite payments of tax on behalf of its nonresident shareholders not otherwise required to file a return. If the nonresident shareholder's filing requirements result solely from one or more interests in any other partnerships or subchapter S corporations, that nonresident shareholder may be included in the composite return.

[5.] 6. If an S corporation pays or credits amounts to any of its nonresident individual shareholders as dividends or as their share of the S corporation's undistributed taxable income for the taxable year, the S corporation shall either timely file with the department of revenue an agreement as provided in subsection [6] 7 of this section or withhold Missouri income tax as provided in subsection [7] 8 of this section. An S corporation that timely files an agreement as provided in subsection [6] 7 of this section with respect to a nonresident shareholder for a taxable year shall be considered to have timely filed such an agreement for each subsequent taxable year. An S corporation that does not timely file such an agreement for a taxable year shall not be precluded from timely filing such an agreement for subsequent taxable years. An S corporation is not required to deduct and withhold Missouri income tax for a nonresident shareholder if:

(1) The nonresident shareholder not otherwise required to file a return agrees to have the Missouri income tax due paid as part of the S corporation's composite return;

(2) The nonresident shareholder not otherwise required to file a return had Missouri assignable federal adjusted gross income from the S corporation of less than twelve hundred dollars;

(3) The S corporation is liquidated or terminated;

(4) Income was generated by a transaction related to termination or liquidation; or

(5) No cash or other property was distributed in the current and prior taxable year.

[6.] 7. The agreement referred to in subdivision (1) of subsection [5] 6 of this section is an agreement of a nonresident shareholder of the S corporation to:

(1) File a return in accordance with the provisions of section 143.481 and to make timely payment of all taxes imposed on the shareholder by this state with respect to income of the S corporation; and

(2) Be subject to personal jurisdiction in this state for purposes of the collection of income taxes, together with related interest and penalties, imposed on the shareholder by this state with respect to the income of the S corporation.

The agreement will be considered timely filed for a taxable year, and for all subsequent taxable years, if it is filed at or before the time the annual return for such taxable year is required to be filed pursuant to section 143.511.

[7.] 8. The amount of Missouri income tax to be withheld is determined by multiplying the amount of dividends or undistributed income allocable to Missouri that is paid or credited to a nonresident shareholder during the taxable year by the highest rate used to determine a Missouri income tax liability for an

individual, except that the amount of the tax withheld may be determined based on withholding tables provided by the director of revenue if the shareholder submits a Missouri withholding allowance certificate.

[8.] **9.** An S corporation shall be entitled to recover for a shareholder on whose behalf a tax payment was made pursuant to this section, if such shareholder has no tax liability.

[9.] **10.** With respect to S corporations that are banks or bank holding companies, a pro rata share of the tax credit for the tax payable pursuant to chapter 148 shall be allowed against each S corporation shareholders' state income tax as follows, provided the bank otherwise complies with section 148.112:

(1) The credit allowed by this subsection shall be equal to the bank tax calculated pursuant to chapter 148 based on bank income in 1999 and after, on a bank that makes an election pursuant to 26 U.S.C. Section 1362, and such credit shall be allocated to the qualifying shareholder according to stock ownership, determined by multiplying a fraction, where the numerator is the shareholder's stock, and the denominator is the total stock issued by such bank or bank holding company;

(2) The tax credit authorized in this subsection shall be permitted only to the shareholders that qualify as S corporation shareholders, provided the stock at all times during the taxable period qualifies as S corporation stock as defined in 26 U.S.C. Section 1361, and such stock is held by the shareholder during the taxable period. The credit created by this section on a yearly basis is available to each qualifying shareholder, including shareholders filing joint returns. A bank holding company is not allowed this credit, except that, such credit shall flow through to such bank holding company's qualified shareholders, and be allocated to such shareholders under the same conditions; and

(3) In the event such shareholder cannot use all or part of the tax credit in the taxable period of receipt, such shareholder may carry forward such tax credit for a period of the lesser of five years or until used, provided such credits are used as soon as the taxpayer has Missouri taxable income.

[10.] **11.** With respect to S corporations that are associations, a pro rata share of the tax credit for the tax payable under chapter 148 shall be allowed against each S corporation shareholders' state income tax as follows, provided the association otherwise complies with section 148.655:

(1) The credit allowed by this subsection shall be equal to the savings and loan association tax calculated under chapter 148 based on the computations provided in section 148.630 on an association that makes an election under 26 U.S.C. Section 1362, and such credit shall be allocated to the qualifying shareholder according to stock ownership, determined by multiplying a fraction, where the numerator is the shareholder's stock, and the denominator is the total stock issued by the association;

(2) The tax credit authorized in this subsection shall be permitted only to the shareholders that qualify as S corporation shareholders, provided the stock at all times during the taxable period qualifies as S corporation stock as defined in 26 U.S.C. Section 1361, and such stock is held by the shareholder during the taxable period. The credit created by this section on a yearly basis is available to each qualifying shareholder, including shareholders filing joint returns. A savings and loan association holding company is not allowed this credit, except that, such credit shall flow through to such savings and loan association holding company's qualified shareholders, and be allocated to such shareholders under the same conditions; and

(3) In the event such shareholder cannot use all or part of the tax credit in the taxable period of receipt, such shareholder may carry forward such tax credit for a period of the lesser of five years or until used, provided such credits are used as soon as the taxpayer has Missouri taxable income.

[11.] **12.** With respect to S corporations that are credit institutions, a pro rata share of the tax credit for the tax payable under chapter 148 shall be allowed against each S corporation shareholders' state income tax as follows, provided the credit institution otherwise complies with section 148.657:

(1) The credit allowed by this subsection shall be equal to the credit institution tax calculated under chapter 148 based on the computations provided in section 148.150 on a credit institution that makes an election under 26 U.S.C. Section 1362, and such credit shall be allocated to the qualifying shareholder according to stock ownership, determined by multiplying a fraction, where the numerator is the shareholder's stock, and the denominator is the total stock issued by such credit institution;

(2) The tax credit authorized in this subsection shall be permitted only to the shareholders that qualify as S corporation shareholders, provided the stock at all times during the taxable period qualifies as S corporation stock as defined in 26 U.S.C. Section 1361, and such stock is held by the shareholder during the taxable period. The credit created by this section on a yearly basis is available to each qualifying shareholder, including shareholders filing joint returns. A credit institution holding company is not allowed this credit, except that, such credit shall flow through to such credit institution holding company's qualified shareholders, and be allocated to such shareholders under the same conditions; and

(3) In the event such shareholder cannot use all or part of the tax credit in the taxable period of receipt, such shareholder may carry forward such tax credit for a period of the lesser of five years or until used, provided such credits are used as soon as the taxpayer has Missouri taxable income.”; and

The annual election shall be made by the filing of a corporate income tax return reflecting the use of such election and by filing a copy of the certificate issued by the director pursuant to the provisions of this section and sections 620.1355 and 620.1360. The annual election may be made regardless of whether the corporation filed its income tax return on a single entity basis or was included in a consolidated income tax return in any year.

**3. Notwithstanding the provisions of subsection 2 of this section to the contrary, for all tax years beginning on or after January 1, 2020, an investment funds service corporation or S corporation, certified pursuant to this section and sections 620.1355 and 620.1360, shall compute the portion of income derived from sources within this state pursuant to section 143.455.”; and**

2. A trust instrument may provide for [the appointment of a trust protector. For purposes of this section, a “trust protector”, whether referred to in the trust instrument by that name or by some other name, is a person, other than the settlor, a trustee, or a beneficiary, who is expressly granted in the trust instrument one or more powers over the trust] **one or more persons, not then serving as a trustee and not the settlor or a beneficiary, to be given any powers over the trust as expressly granted in the trust instrument. Any such person may be identified and appointed as a trust protector or similar term. Whenever a trust instrument names, appoints, authorizes, or otherwise designates a trust protector, the trust shall be deemed a directed trust.**

3. A trust protector appointed in the trust instrument shall have only the powers granted to the trust protector by the express terms of the trust instrument, and a trust protector is only authorized to act within the scope of the authority expressly granted in the trust instrument. Without limiting the authority of the settlor to grant powers to a trust protector, the express powers that may be granted include, but are not limited to, the following:

(1) Remove and appoint a trustee **or a trust protector** or name a successor trustee or trust protector;

(2) Modify or amend the trust instrument to:

(a) Achieve favorable tax status or respond to changes in the Internal Revenue Code or state law, or the rulings and regulations under such code or law;

(4) Terminate the trust in favor of the beneficiary or beneficiaries of the trust;

(6) Such other powers as are expressly granted to the trust protector in the trust instrument.

4. Notwithstanding any provision in the trust instrument to the contrary, a trust protector shall have no power to modify a trust to:

(1) Remove a requirement from a trust created to meet the requirements of 42 U.S.C. Section 1396p(d)(4) to pay back a governmental entity for benefits provided to the permissible beneficiary of the trust at the death of that beneficiary; or

(2) Reduce or eliminate an income interest of the income beneficiary of any of the following types of trusts:

(a) A trust for which a marital deduction has been taken for federal tax purposes under Section 2056 or 2523 of the Internal Revenue Code or for state tax purposes under any comparable provision of applicable state law, during the life of the settlor's spouse;

(b) A charitable remainder trust under Section 664 of the Internal Revenue Code, during the life of the noncharitable beneficiary;

(c) A grantor retained annuity trust under Section 2702 of the Internal Revenue Code, during any period in which the settlor is a beneficiary; or

(d) A trust for which an election as a qualified Sub-Chapter S Trust under Section 1361(d) of the Internal Revenue Code is currently in place.

5. Except to the extent otherwise provided in a trust instrument specifically referring to this subsection, the trust protector shall not exercise a power in a way that would result in a taxable gift for federal gift tax purposes or cause the inclusion of any assets of the trust in the trust protector's gross estate for federal estate tax purposes.

6. Except to the extent otherwise provided in the trust instrument and in subsection 7 of this section, and notwithstanding any provision of sections 456.1-101 to 456.11-1106 to the contrary:

(1) A trust protector shall act in a fiduciary capacity in carrying out the powers granted to the trust protector in the trust instrument, and shall have such duties to the beneficiaries, the settlor, or the trust as set forth in the trust instrument, **provided that the trust instrument may provide that the trust protector shall act in a nonfiduciary capacity.** A trust protector is not a trustee, and is not liable or accountable as a trustee when performing or declining to perform the express powers given to the trust protector in the trust instrument. A trust protector is not liable for the acts or omissions of any fiduciary or beneficiary under the trust instrument;

(2) A trust protector is exonerated from any and all liability for the trust protector's acts or omissions, or arising from any exercise or nonexercise of the powers expressly conferred on the trust protector in the trust instrument, unless it is established by a preponderance of the evidence that the acts or omissions of the trust protector were done or omitted in breach of the trust protector's duty, in bad faith or with reckless indifference;

(3) A trust protector is authorized to exercise the express powers granted in the trust instrument at any time and from time to time after the trust protector acquires knowledge of their appointment as trust protector and of the powers granted. **The trust protector may take any action, judicial or otherwise, necessary to carry out the duties given to the trust protector in the trust instrument;**

(4) A trust protector is entitled to receive, from the assets of the trust for which the trust protector is acting, reasonable compensation, and reimbursement of the reasonable costs and expenses incurred, in determining whether to carry out, and in carrying out, the express powers given to the trust protector in the trust instrument;

(5) A trust protector is entitled to receive, from the assets of the trust for which the trust protector is acting, reimbursement of the reasonable costs and expenses, including attorney's fees, of defending any claim made against the trust protector arising from the acts or omissions of the trust protector acting in that

capacity unless it is established by clear and convincing evidence that the trust protector was acting in bad faith or with reckless indifference; and

(6) The express powers granted in the trust instrument shall not be exercised by the trust protector for the trust protector's own personal benefit.

7. If a trust protector is granted a power in the trust instrument to direct, consent to, or disapprove a trustee's actual or proposed investment decision, distribution decision, or other decision of the trustee required to be performed under applicable trust law in carrying out the duties of the trustee in administering the trust, then only with respect to such power, excluding the powers identified in subsection 3 of this section, the trust protector shall have the same duties and liabilities as if serving as a trustee under the trust instrument **unless the trust instrument expressly provides otherwise. In carrying out any written directions given to the trustee by the trust protector concerning actual or proposed investment decisions, the trustee shall not be subject to the provisions of sections 469.900 to 469.913. For purposes of this subsection, "investment decisions" means, with respect to any investment, decisions to retain, purchase, sell, exchange, tender, or otherwise engage in transactions affecting the ownership of investments or rights therein and, with respect to nonpublicly traded investments, the valuation thereof.**

8. **Any trustee of a directed trust shall not be accountable under the law or equity for any act or omission of a trust protector and shall stand absolved from liability for executing the decisions or instructions from a trust protector or for monitoring the actions or inactions of a trust protector. A trustee shall take reasonable steps to facilitate the activity of a trust protector in a directed trust. A trustee shall carry out the written directions given to the trustee by a trust protector acting within the scope of the powers expressly granted to the trust protector in the trust instrument. Except [in cases of bad faith or reckless indifference on the part of the trustee, or] as otherwise provided in the trust instrument, the trustee shall not be liable for any loss resulting directly or indirectly from any act taken or omitted as a result of the written direction of the trust protector or the failure of the trust protector to provide consent. Except as otherwise provided in the trust instrument, the trustee shall have no duty to monitor the conduct of the trust protector, provide advice to or consult with the trust protector, or communicate with or warn or apprise any beneficiary concerning instances in which the trustee would or might have exercised the trustee's own discretion in a manner different from the manner directed by the trust protector. Except as otherwise provided in the trust instrument, any actions taken by the trustee at the trust protector's direction shall be deemed to be administrative actions taken by the trustee solely to allow the trustee to carry out the instructions of the trust protector and shall not be deemed to constitute an act by the trustee to monitor the trust protector or otherwise participate in actions within the scope of the trust protector's authority. Whenever a directed trust reserves to a person or vests in an advisory or investment committee authority to direct the making or retention of any investment, to the exclusion of the trustee or trustees, the excluded trustee or trustees shall not be liable, individually or as a trustee, for any loss resulting from the making or retention of any investment pursuant to such direction.**

9. Except to the extent otherwise expressly provided in the trust instrument, the trust protector shall be entitled to receive information regarding the administration of the trust as follows:

(1) Upon the request of the trust protector, unless unreasonable under the circumstances, the trustee shall promptly provide to the trust protector any and all information related to the trust that may relate to the

exercise or nonexercise of a power expressly granted to the trust protector in the trust instrument. The trustee has no obligation to provide any information to the trust protector except to the extent a trust protector requests information under this section;

(2) The request of the trust protector for information under this section shall be with respect to a single trust that is sufficiently identified to enable the trustee to locate the records of the trust; and

(3) If the trustee is bound by any confidentiality restrictions with respect to an asset of a trust, a trust protector who requests information under this section about such asset shall agree to be bound by the confidentiality restrictions that bind the trustee before receiving such information from the trustee.

10. A trust protector may resign by giving thirty days' written notice to the trustee and any successor trust protector. A successor trust protector, if any, shall have all the powers expressly granted in the trust instrument to the resigning trust protector unless such powers are expressly modified for the successor trust protector.

11. A trust protector of a trust having its principal place of administration in this state submits personally to the jurisdiction of the courts of this state during any period that the principal place of administration of the trust is located in this state and the trust protector is serving in such capacity. **The trust instrument may also provide that a trust protector is subject to the personal jurisdiction of the courts of this state as a condition of appointment.**"; and

Reverend Carl Gauck offered the following prayer:

Omission God, You truly know that we need Your wisdom and strength as we enter the last day of this session. Surround us this day with Your presence and sustain us to bring our best forward so we may end this session knowing we have completed all that You have required of us. And we pray that You will bless our work that it may go forth and accomplish what You have intended it to do. And even though we know that much is yet required of us even after the gavel bang may You provide us with Your peace so our minds, bodies and spirit may rest in You knowing You have been with us throughout this year. In Your Holy Name we pray. Amen.

The board of aldermen may provide for and regulate the lighting of streets and the erection of lamp posts, poles and lights therefor, and may make contracts with any person, association or corporation, either private or municipal, for the lighting of the streets and other public places of the city with gas, electricity or otherwise, except that each initial contract shall be ratified by a majority of the voters of the city voting on the question and any renewal contract or extension shall be subject to voter approval of the majority of the voters voting on the question, pursuant to the provisions of section 88.251. The board of aldermen may erect, maintain and operate gas works, electric light works, or light works of any other kind or name, and to erect lamp posts, electric light poles, or any other apparatus or appliances necessary to light the streets, avenues, alleys or other public places, and to supply private lights for the use of the inhabitants of the city and its suburbs, and may regulate the same, and may prescribe and regulate the rates to be paid by the consumers thereof, and may acquire by purchase, donation or condemnation suitable grounds within or without the city upon which to erect such works and the right-of-way to and from such works, and also the right-of-way for laying gas pipes, electric wires under or above the grounds, and erecting posts and poles

and such other apparatus and appliances as may be necessary for the efficient operation of such works. The board of aldermen may, in its discretion, grant the right to any person, persons or corporation, to erect such works and lay the pipe, wires, and erect the posts, poles and other necessary apparatus and appliances therefor, upon such terms as may be prescribed by ordinance. Such rights shall not extend for a longer time than twenty years, but may be renewed for another period or periods not to exceed twenty years per period. Nothing herein contained shall be so construed as to prevent the board of aldermen from contracting with any person, persons or corporation for furnishing the city with gas or electric lights in cities where franchises have already been granted, and where gas or electric light plants already exist, without a vote of the people, except that the board of aldermen may sell, convey, encumber, lease, abolish or otherwise dispose of any public utilities owned by the city including electric light systems, electric distribution systems or transmission lines, or any part of the electric light systems, electric or other heat systems, electric or other power systems, electric or other railways, gas plants, telephone systems, telegraph systems, transportation systems of any kind, waterworks, equipments and all public utilities not herein enumerated and everything acquired therefor, after first having passed an ordinance setting forth the terms of the sale, conveyance or encumbrance and when ratified by two-thirds of the voters voting on the question.

**2. In advance of putting a proposed water or wastewater system sale, or the sale of a gas plant, before voters, the board of aldermen may seek an appraisal from a professional engineering or certified public accounting firm with experience in utility appraisals to inform voters of the system's fair market value. The board may seek and provide additional reasonable analyses to inform voters of such sale, including but not limited to, the impact of such sale on all city funds and revenues, other city services, and annexation.**

**3.** The ballots shall be substantially in the following form and shall indicate the property, or portion thereof, and whether the same is to be sold, leased or encumbered:

Shall \_\_\_\_\_ (Indicate the property by stating whether electric distribution system, electric transmission lines or waterworks, etc.) be \_\_\_\_\_ (Indicate whether sold, leased or encumbered.)?"; and

354.603. 1. A health carrier shall maintain a network that is sufficient in number and types of providers to assure that all services to enrollees shall be accessible without unreasonable delay. In the case of emergency services, enrollees shall have access twenty-four hours per day, seven days per week. The health carrier's medical director shall be responsible for the sufficiency and supervision of the health carrier's network. Sufficiency shall be determined by the director in accordance with the requirements of this section and by reference to any reasonable criteria, including but not limited to provider-enrollee ratios by specialty, primary care provider-enrollee ratios, geographic accessibility, reasonable distance accessibility criteria for pharmacy and other services, waiting times for appointments with participating providers, hours of operation, and the volume of technological and specialty services available to serve the needs of enrollees requiring technologically advanced or specialty care.

(1) In any case where the health carrier has an insufficient number or type of participating providers to provide a covered benefit, the health carrier shall ensure that the enrollee obtains the covered benefit at no greater cost than if the benefit was obtained from a participating provider, or shall make other arrangements acceptable to the director.

(2) The health carrier shall establish and maintain adequate arrangements to ensure reasonable proximity of participating providers, including local pharmacists, to the business or personal residence of enrollees. In determining whether a health carrier has complied with this provision, the director shall give due consideration to the relative availability of health care providers in the service area under, especially rural areas, consideration.

(3) A health carrier shall monitor, on an ongoing basis, the ability, clinical capacity, and legal authority of its providers to furnish all contracted benefits to enrollees. The provisions of this subdivision shall not be construed to require any health care provider to submit copies of such health care provider's income tax returns to a health carrier. A health carrier may require a health care provider to obtain audited financial statements if such health care provider received ten percent or more of the total medical expenditures made by the health carrier.

(4) A health carrier shall make its entire network available to all enrollees unless a contract holder has agreed in writing to a different or reduced network.

2. A health carrier shall file with the director, in a manner and form defined by rule of the department of insurance, financial institutions and professional registration, an access plan meeting the requirements of sections 354.600 to 354.636 for each of the managed care plans that the health carrier offers in this state. The health carrier may request the director to deem sections of the access plan as proprietary or competitive information that shall not be made public. For the purposes of this section, information is proprietary or competitive if revealing the information will cause the health carrier's competitors to obtain valuable business information. The health carrier shall provide such plans, absent any information deemed by the director to be proprietary, to any interested party upon request. The health carrier shall prepare an access plan prior to offering a new managed care plan, and shall update an existing access plan whenever it makes any change as defined by the director to an existing managed care plan. The director shall approve or

disapprove the access plan, or any subsequent alterations to the access plan, within sixty days of filing. The access plan shall describe or contain at a minimum the following:

- (1) The health carrier's network;
- (2) The health carrier's procedures for making referrals within and outside its network;
- (3) The health carrier's process for monitoring and assuring on an ongoing basis the sufficiency of the network to meet the health care needs of enrollees of the managed care plan;
- (4) The health carrier's methods for assessing the health care needs of enrollees and their satisfaction with services;
- (5) The health carrier's method of informing enrollees of the plan's services and features, including but not limited to the plan's grievance procedures, its process for choosing and changing providers, and its procedures for providing and approving emergency and specialty care;
- (6) The health carrier's system for ensuring the coordination and continuity of care for enrollees referred to specialty physicians, for enrollees using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning;
- (7) The health carrier's process for enabling enrollees to change primary care professionals;
- (8) The health carrier's proposed plan for providing continuity of care in the event of contract termination between the health carrier and any of its participating providers, in the event of a reduction in service area or in the event of the health carrier's insolvency or other inability to continue operations. The description shall explain how enrollees shall be notified of the contract termination, reduction in service area or the health carrier's insolvency or other modification or cessation of operations, and transferred to other health care professionals in a timely manner; and
- (9) Any other information required by the director to determine compliance with the provisions of sections 354.600 to 354.636.

3. In reviewing an access plan filed pursuant to subsection 2 of this section, the director shall deem a managed care plan's network to be adequate if it meets one or more of the following criteria:

- (1) The managed care plan is a Medicare + Choice coordinated care plan offered by the health carrier pursuant to a contract with the federal Centers for Medicare and Medicaid Services;
- (2) The managed care plan is being offered by a health carrier that has been accredited by the National Committee for Quality Assurance at a level of "accredited" or better, and such accreditation is in effect at the time the access plan is filed;
- (3) The managed care plan's network has been accredited by the Joint Commission on the Accreditation of Health Organizations for Network Adequacy, and such accreditation is in effect at the time the access plan is filed. If the accreditation applies to only a portion of the managed care plan's network, only the accredited portion will be deemed adequate; [or]

Further amend said bill, Pages 2-5, Section 376.690, Lines 1-92, by deleting all of said lines and inserting in lieu thereof the following:

**“376.690. 1. As used in this section, the following terms shall mean:**

**(1) “Emergency medical condition”, the same meaning given to such term in section 376.1350;**

**(2) “Facility”, the same meaning given to such term in section 376.1350;**

**(3) “Health care professional”, the same meaning given to such term in section 376.1350;**

**(4) “Health carrier”, the same meaning given to such term in section 376.1350;**

**(5) “Unanticipated out-of-network care”, health care services received by a patient in an in-network facility from an out-of-network health care professional from the time the patient presents with an emergency medical condition until the time the patient is discharged;**

**2. Health care professionals may send any claim for charges incurred for unanticipated out-of-network care to the patient's health carrier within one hundred and eighty days of the delivery of the unanticipated out-of-network care on a U.S. Centers of Medicare and Medicaid Services Form 1500, or its successor form, or electronically using the 837 HIPAA format, or its successor.**

**(1) Within forty-five processing days, as defined in 376.383, of receiving the health care professional's claim, the health carrier shall offer to pay the health care professional a reasonable reimbursement for unanticipated out-of-network care based on the health care professional's services. If the health care professional participates in one or more of the carrier's commercial networks, the offer of reimbursement for unanticipated out-of-network care shall be the amount from the network which has the highest reimbursement.**

**(2) If the health care professional declines the health carrier's initial offer of reimbursement, the**

health carrier and health care professional shall have sixty days from the date of the initial offer of reimbursement to negotiate in good faith to attempt to determine the reimbursement for the unanticipated out-of-network care.

(3) If the health carrier and health care professional do not agree to a reimbursement amount by the end of the sixty day negotiation period, the dispute shall be resolved through an arbitration process as specified in subsection 4 of this section.

(4) To initiate arbitration proceedings, either the health carrier or health care professional must provide written notification to the director and the other party within 120 days of the end of the negotiation period, indicating their intent to arbitrate the matter and notifying the director of the billed amount and the date and amount of the final offer by each party. A claim for unanticipated out of network care may be resolved between the parties at any point prior to the commencement of the arbitration proceedings. Claims may be combined for purposes of arbitration, but only to the extent the claims represent similar circumstances and services provided by the same health care professional, and the parties attempted to resolve the dispute in accordance with subdivisions (2) through (4) of this subsection.

(5) No health care professional who sends a claim to a health carrier under subsection 2 of this section shall send a bill to the patient for any difference between the reimbursement rate as determined under this subsection and the health care professional's billed charge.

3. When unanticipated out-of-network care is provided, the health care professional who sends a claim to a health carrier under subsection 2 of this section may bill a patient for no more than the cost-sharing requirements described under this section.

(1) Cost-sharing requirements shall be based on the reimbursement amount as determined under subsection 2 of this section.

(2) The patient's health carrier shall inform the health care professional of its enrollee's cost-sharing requirements within forty-five processing days of receiving a claim from the health care professional for services provided.

(3) The in-network deductible and out-of-pocket maximum cost-sharing requirements shall apply to the claim for the unanticipated out-of-network care.

4. The director shall ensure access to an external arbitration process when a health care professional and health carrier cannot agree to a reimbursement under subdivision (2) of subsection 2 of this section. In order to ensure access, when notified of a parties' intent to arbitrate, the director shall randomly select an arbitrator for each case from the department's approved list of arbitrators or entities that provide binding arbitration. The director shall specify the criteria for an approved arbitrator or entity by rule. The costs of arbitration shall be shared equally between and will be directly billed to the health care professional and health carrier. These costs will include, but are not limited to, reasonable time necessary for the arbitrator to review materials in preparation for the arbitration, travel expenses and reasonable time following the arbitration for drafting of the final decision.

5. At the conclusion of such arbitration process, the arbitrator shall issue a final decision, which shall be binding on all parties. The arbitrator shall provide a copy of the final decision to the director.

The initial request for arbitration, all correspondence and documents received by the Department and the final arbitration decision shall be considered a closed record under section 374.071. However, the director may release aggregated summary data regarding the arbitration process. The decision of the arbitrator shall not be considered an agency decision nor shall it be considered a contested case within the meaning of 536.010.

6. The arbitrator shall determine a dollar amount due under subsection 2 of this section between one hundred twenty percent of the Medicare allowed amount and the seventieth percentile of the usual and customary rate for the unanticipated out-of-network care, as determined by benchmarks from independent nonprofit organizations that are not affiliated with insurance carriers or provider organizations.

7. When determining a reasonable reimbursement rate, the arbitrator shall consider the following factors if the health care professional believes the payment offered for the unanticipated out-of-network care does not properly recognize:

- (1) The health care professional's training, education, or experience;
- (2) The nature of the service provided;
- (3) The health care professional's usual charge for comparable services provided;
- (4) The circumstances and complexity of the particular case, including the time and place the services were provided; and
- (5) The average contracted rate for comparable services provided in the same geographic area.

8. The enrollee shall not be required to participate in the arbitration process. The health care professional and health carrier shall execute a nondisclosure agreement prior to engaging in an arbitration under this section.

9. This section shall take effect on January 1, 2019.

10. The department of insurance, financial institutions and professional registration may promulgate rules and fees as necessary to implement the provisions of this section, including but not limited to, procedural requirements for arbitration. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

376.1065. 1. As used in this section, the following terms shall mean:

- (1) "Contracting entity", any health carrier, as such term is defined in section 376.1350, subject to the jurisdiction of the department engaged in the act of contracting with providers for the delivery of dental services, or the selling or assigning of dental network plans to other entities under the jurisdiction of the department;
- (2) "Department", the department of insurance, financial institutions and professional

registration;

(3) **“Official notification,”** written communication by a provider or participating provider to a contracting entity describing such provider’s or participating provider’s change in contact information or participation status with the contracting entity;

(4) **“Participating provider,”** a provider who has an agreement with a contracting entity to provide dental services with an expectation of receiving payment, other than coinsurance, co-payments, or deductibles, directly or indirectly from such contracting entity;

(5) **“Provider,”** any person licensed under chapter 332.

**2. A contracting entity shall, upon official notification, make changes contained in the official notification to their electronic provider material and their next edition of paper material made available to plan members or other potential plan members.**

**3. The department, when determining the result of a market conduct examination under sections 374.202 to 374.207, shall consider violations of this section by a contracting entity.”; and**

Further amend said bill, Page 5, Section 376.1063, Lines 1 through 16, by removing all of said section from the bill; and

Further amend said bill, Page 10, Section 376.1367, Line 15, by inserting after the word, **“forty-five”** the word, **“processing”**; and

Further amend said page and section, Line 34, by inserting after all of said line the following:

**“379.1545. Notwithstanding any other provision of law:**

(1) An insurer may terminate or otherwise change the terms and conditions of a policy of portable electronics insurance only upon providing the policyholder and enrolled customers with at least thirty days’ notice;

(2) If the insurer changes the terms and conditions of a policy of portable electronics insurance, the insurer shall provide the vendor and any policyholders with a revised policy or endorsement and each enrolled customer with a revised certificate, endorsement, updated brochure, or other evidence indicating a change in the terms and conditions has occurred and a summary of material changes;

(3) Notwithstanding subdivision (1) of this section, an insurer may terminate an enrolled customer’s enrollment under a portable electronics insurance policy upon fifteen days’ notice for discovery of fraud or material misrepresentation in obtaining coverage or in the presentation of a claim thereunder;

(4) Notwithstanding subdivision (1) of this section, an insurer may immediately terminate an enrolled customer’s enrollment under a portable electronics insurance policy:

(a) For nonpayment of premium;

(b) If the enrolled customer ceases to have an active service with the vendor of portable electronics; or

(c) If an enrolled customer exhausts the aggregate limit of liability, if any, under the terms of the portable electronics insurance policy and the insurer sends notice of termination to the customer within thirty calendar days after exhaustion of the limit. However, if the notice is not timely sent, enrollment and

coverage shall continue notwithstanding the aggregate limit of liability until the insurer sends notice of termination to the enrolled customer;

(5) Where a portable electronics insurance policy is terminated by a policyholder, the policyholder shall mail or deliver written notice to each enrolled customer advising the customer of the termination of the policy and the effective date of termination. The written notice shall be mailed or delivered to the customer at least thirty days prior to the termination;

(6) Whenever notice is required under this section, it shall be in writing and may be mailed or delivered to the vendor at the vendor's mailing address and to its affected enrolled customers' last known mailing addresses on file with the insurer. If notice is mailed, the insurer or vendor, as the case may be, shall maintain proof of mailing in a form authorized or accepted by the U.S. Postal Service or other commercial mail delivery service. Alternatively, an insurer or vendor policyholder may comply with any notice required by this section by providing electronic notice to a vendor or its affected enrolled customers, as the case may be, by electronic means. **For purposes of this subdivision, agreement to receive notices and correspondence by electronic means shall be determined in accordance with section 432.220.** Additionally, if an insurer or vendor policyholder provides electronic notice to an affected enrolled customer and such delivery by electronic means is not available or is undeliverable, the insurer or vendor policyholder shall provide written notice to the enrolled customer by mail in accordance with this section. If notice is accomplished through electronic means, the insurer or vendor of portable electronics, as the case may be, shall maintain proof that the notice was sent.

[374.115. Insurance examiners appointed or employed by the director of the department of insurance, financial institutions and professional registration shall be compensated according to the applicable levels established and published by the National Association of Insurance Commissioners.]

**SECOND REGULAR SESSION**

**FIRST DAY—FRIDAY, MAY 18, 2018**

The Senate was called to order in Special Session by Lieutenant Governor Michael L. Parson.

Reverend Carl Gauck offered the following prayer:

“Those who are wise understand these things; those who are discerning know them.” (Hosea 14:9)

Almighty and righteous God: We hear Your prophet’s call for more than an educated thinking as we go through a process for the first time in Missouri’s history but it is a call for which we gather. And at such a time You do require wisdom and discernment of us which is rarer than education. For what good is our knowledge if we do not know what to do with it, yet it is wisdom that brings insight and a moral clarity to understand what is truly required of us. As we seek to walk upright in this special session help us to make it Your way O God and may You, who is truly omniscient, grant to us such a needful wisdom. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

#### **ADDRESS BY GOVERNOR MICHAEL L. PARSON**

Thank you, Speaker Richardson, President Pro Tem Richard, and members of the Missouri House and Senate.

First, let me start by introducing my wife Teresa to you. I'm so proud to recognize her as the First Lady of the State of Missouri. She is a blessing to all of us.

I stand before you at a difficult time for our state.

During this time, we have witnessed politics at its worst and at its best. We have been divided, and we have been united. Missouri has risen to the occasion, as we always do.

Today is a time for a fresh start for our state and to recommit ourselves – each and every one of us, including you in the galleries – we must work together for a better Missouri!

We faced difficult truths; we made tough decisions; we persevered because our institutions are strong, and the people of Missouri are stronger. Over the last 200 years, more than 7,000 Missourians have been elected to a state legislative or constitutional office.

These were honorable men and women—people just like you and me—who temporarily put aside their personal obligations, travelled to the seat of government, and took an oath to do the people's businesses.

And like so many of you, most were not looking to build a career. They were not here for fame or glory or notoriety. They placed their names on the ballot, staked out positions on issues, endured the inevitable attacks that come with campaigning, and walked into this building because they were called to be a public servant.

We stand here today in a long legacy of citizen patriots from across the state of Missouri who have answered the call of duty – and we salute their service!

One hundred years ago, the governor's mansion and the seats in this chamber were occupied by people whose names most of us don't remember.

And one hundred years from now, long after each of us has departed from this earth, these seats will continue to exist, held by men and women whose grandparents have not even been born.

Make no mistake: the offices we now hold are far bigger than any one of us.

Future Missourians may look back at the journals of the House or the Senate from this legislative session, and they will see our names. They will know our party affiliations. They will see the votes we cast. But none of these things will define who we are.

The responsibility of our jobs was given to us by our forefathers by passing down the Declaration of Independence, the Constitution, and the Bill of Rights.

Our job – the job of each and every one of us – is to continue that tradition, which is the framework to be able to live the American Dream and ensure it exists for the next generation. And our job is also to honor the memory of those who have come before, and to applaud those yet to come who will leave their permanent mark on our great state of Missouri.

What we must ask ourselves: Have we been respectful to our constituents, to our colleagues, and to our state? Have we acted morally and ethically? Have we honored the people of our great state who sent us here? How we answer these questions will define who we are.

For many of you, this will be the first and last office you ever hold—but what you do during your brief time matters. It matters to the student and the teacher. It matters to the truck driver and the small business owner. It matters to the police officer and the prisoner. It matters to the worker and the employer. It matters to the nurse and the farmer. But it's not just the votes you cast or the bills that are signed; it's how we respect the institution that has temporarily been entrusted to our care.

We are expected to debate passionately for what we believe - but we must be careful not to erode the public's trust in our system of government for short-term personal gain.

The government our forefathers established make us unique in the world and sets America apart as a shining city on the hill!

We should expect criticism and understand that some of it is unfair—but we must always take responsibility for our own actions.

Most of all, we must always remember that we serve the people and the state of Missouri—not the other way around.

Sadly, much of the political turmoil that has engulfed our state is a result of these truths being forgotten.

When the public's trust is violated, we are obligated to act.

Over the past few months, I have been impressed by the care, prudence, and professionalism you have shown as you have sought the truth.

I am in awe, once again, of the fortitude of our state's institutions.

But our institutions are only as strong as the people who serve them—and the great State of Missouri is better because of your service.

Today, in this chamber, we have the opportunity for a fresh start. To elevate the tone of our political discourse. To recommit ourselves to the values that made our system of government the envy of the world.

This does not mean disregarding our beliefs or moderating our positions. It means debating with respect. It means conducting ourselves with integrity. It means unifying around the idea that—no matter which party we belong to—each of us is here for the same reason: to make Missouri... a better place.

Too many people have come to believe that dysfunction and inaction are the normal conditions of government.

But over the past few months, you—the members of the Missouri General Assembly—have proven that effective leadership is possible. Among you, there are profound disagreements, yet throughout the legislative session, you respected each other, you respected the process, and you respected the people of this state. And in the midst of political strife, you debated and argued passionately for issues you cared about.

Not long ago you completed one of the most historic legislative sessions in recent memory. Not enough has been said about it. Your many legislative achievements include significant tax reform for Missourians, record education funding for our students, government union reform, a responsible, balanced budget, and many other reforms that made government smaller, more efficient, and more effective for Missourians.

This is how government should work, and this is the people's government and we—all of us in this room—can ensure that it continues to work in the years ahead.

As we move forward, together, I pledge that I will spend every day working to make our state stronger and more prosperous. I promise that the welfare of the people will be my guiding principle and sole consideration. And I will never forget – never forget – that public service is—first and foremost—is about serving Missourians.

I hope that each of you will join me.

During this time, I am reminded by a passage in Philippians 2:3-4, “Do nothing from selfish ambition or conceit, but in humility... count others more significant than yourselves. Let each of you look not only to his own interest, but also to the interests of others.”

With your prayers—and the prayers of millions of Missourians—for me and my family, for all of our political leaders, and for our state, I am confident that our wounds will heal and the bonds that bind us together as Missourians will strengthen. And now more than ever, I am optimistic that we will move forward, as President Abraham Lincoln urged in the closing days of the Civil War, “with malice toward none, with charity for all, with firmness in the right, as God gives us to see the right, let us strive on... to finish the work we are in... to bind up the nation's wounds.”

May God bless you...and may God bless the great state of Missouri!

The Senate was called to order in Extra Session by Lieutenant Governor Mike Kehoe.

Reverend Carl Gauck offered the following prayer:

Examine me, Lord, and prove me; test my heart and mind, for your loving kindness is before my eyes, and I walk in faithfulness to you.” (Psalm 26:2-3)

God of love and power we are here ready and eager to experience Your power at work in this body. You offer changes that touch our lives and give us hope in the mystery of Your presence. So guide our thoughts and efforts this week as we see to do as You direct us. In Your Holy Name we pray. Amen.

**COMMUNICATIONS FROM THE  
GOVERNOR**

The President laid before the Senate the following proclamation from the Governor, reading of which was waived:

**PROCLAMATION**

WHEREAS, it has become increasingly important for students to be equipped with the knowledge and skills to solve tough problems, gather and evaluate evidence, and make sense of complex information, which can be learned by studying science, technology, engineering, and math, collectively known as STEM; and

WHEREAS, not enough students are pursuing careers in STEM fields and not enough teachers are equipped to educate students in those subjects; and

WHEREAS, computer science is quickly becoming a vital subject area, as most careers require some level of computer science knowledge; and

WHEREAS, allowing a computer science course to fulfill an academic credit requirement for graduation would allow more students to learn valuable technology skills and better equip them for postsecondary education or the workforce; and

WHEREAS, treatment courts, as an alternative for the judicial system to resolve cases that stem from substance use disorders, are a proven, cost-effective method for reducing recidivism of criminal offenders; and

WHEREAS, treatment courts ensure that participants get the treatment services they need, while requiring them to meet certain goals such as gaining employment or getting an education; and

WHEREAS, Article IV, Section 9 of the Missouri Constitution authorizes the Governor on extraordinary occasions to convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary; and

WHEREAS, the need for the establishment of the “STEM Career Awareness Program”, students to be able to fulfill one unit of academic credit with a computer science course, and treatment court reform are extraordinary occasions envisioned by Article IV, Section 9 of the Missouri Constitution.

NOW THEREFORE, on the extraordinary occasion that exists in the State of Missouri:

I, MICHAEL L. PARSON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the Ninety-Ninth General Assembly of the State of Missouri in the First Extra Session of the Second Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in the State Capitol in the City of Jefferson at the hour of 12:00 p.m. on Monday, September 10, 2018; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited hereinafter as follows:

1. To enact legislation requiring the Department of Elementary and Secondary Education to establish a statewide program to be known as the “STEM Career Awareness Program” to increase STEM career awareness among students in grades six through eight through the use of an online-based STEM curriculum and to develop a high school graduation policy that allows a student to fulfill one unit of academic credit with a district-approved computer science course meeting standards adopted by the State Board of Education for any mathematics, science, or practical arts unit required for high school graduation.
2. To enact legislation implementing comprehensive reforms to existing drug court programs, including authorizing the establishment of treatment court divisions in any judicial circuit in the state to provide an alternative for the judicial system to dispose of cases that stem from, or are otherwise impacted by, substance use disorders. Treatment courts shall include, but not be limited to, adult treatment courts, DWI courts, family treatment courts, juvenile treatment courts, and veterans treatment courts. Such legislation shall also include reforms to the current Drug Courts Coordinating Commission, renaming it the “Treatment Courts Coordinating Commission” and requiring it to establish standards and practices for treatment courts throughout the state.
3. To allow the Senate to consider appointments to boards, commissions, departments, and divisions that require the advice and consent of the Senate.
4. Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have been convened.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 4th day of September 2018.

SECOND REGULAR SESSION

FIRST EXTRA SESSION

---

**SECOND DAY—TUESDAY, SEPTEMBER 11, 2018**

---

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Gauck offered the following prayer:

Righteousness and justice are the foundation of your throne; steadfast love and faithfulness go before you.” (Psalm 89:14)

It is a day of remembering the path we have traveled and how our lives were changed by 9/11. We remember those who were lost that day and grieve what was lost and You have comforted us. Yet we are, because of You, a people of hope and we have rebuilt and grown stronger by those who thought they would break our spirit. You O Lord continue to meet our coming and going, crossing our path and walking beside us whatever a day may bring to us. Your path leads us and we follow it and You pave the ground before us so we might do what is required and we rejoice in the opportunity to serve. We will do whatever You ask of us O Lord. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

### SENATE RESOLUTION NO. 10

Whereas, Attorney General Josh Hawley has made the state of Missouri a plaintiff in *Texas v. United States*, No. 4:18-cv-00167-O (N.D. Tex.); and

Whereas, approximately 2.5 million Missourians and 133 million nonelderly Americans have preexisting conditions; and

Whereas, if this lawsuit succeeds, it will become difficult if not impossible for these individuals to obtain adequate health insurance coverage; and

Whereas, this lawsuit could result in a fifty percent increase in the uninsured rate; and

Whereas, this lawsuit could negate the current policy that children be allowed to remain on their parents' insurance until age twenty-six; and

Whereas, this lawsuit could lift the ban on annual and lifetime limits; and

Whereas, this lawsuit could lift the ban on insurance discrimination against women and the elderly; and

Whereas, this lawsuit could terminate the Affordable Care Act's tax credits for small businesses' health care costs; and

Whereas, this lawsuit could eliminate the marketplace tax credits for up to nine million people; and

Whereas, by joining in this lawsuit, Missouri Attorney General Josh Hawley is squarely on the side of removing protections on which many people depend to obtain health insurance; and

Whereas, denying health care to any human being simply because they have preexisting conditions or disabilities is cruel and inhumane; and

Whereas, several nonpartisan health care organizations have filed amicus briefs in opposition to the lawsuit, including the American Medical Association, the American Heart Association, the American Lung Association, the Catholic Health Association of the United States, and the American Academy of Pediatrics; and

Whereas, the great state of Missouri should not be a party to this cruel attempt to undermine America's health care system:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, First Extraordinary Session of the Second Regular Session, hereby strongly urge Attorney General Josh Hawley on behalf of all Missourians to withdraw his support for this lawsuit and instead work to ensure that millions of families across the country can continue to have access to quality, affordable health care; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution to Missouri Attorney General Josh Hawley.

The Senate observed a moment of silence in remembrance of September 11, 2001.

The Lieutenant Governor was present.

**RESOLUTIONS**

Senator Chappelle-Nadal offered the following resolution:

**SENATE RESOLUTION NO. 15**

Whereas, every United States presidential candidate since Jimmy Carter, except for the current president, has made his or her tax returns public; and

Whereas, tax returns can reveal conflicts of interest that may not appear in financial disclosure statements; and

Whereas, efforts have been made at the federal level to require a presidential candidate to make his or her tax returns public, including H.R. 305 in the 115th Congress; and

Whereas, H.R. 305 amends the Ethics in Government Act of 1978 to require the president and certain candidates for president to disclose federal income tax returns for the three most recent taxable years in reports filed with either the Office of Government Ethics or the Federal Election Commission, in the case of a candidate; and

Whereas, H.R. 305 provides a foundation but should be amended to require disclosure of federal income tax returns for the ten most recent taxable years; and

Whereas, financial transparency should also be extended to mental health transparency; and

Whereas, many professions where the person may be authorized to use deadly force in the line of duty require an applicant for the position to undergo a psychological screening to determine the mental fitness of the person for the position; and

Whereas, the president of the United States, with the power to mobilize armed forces and launch nuclear weapons, is not required to undergo any psychological screening prior to assuming office; and

Whereas, to date, no efforts have been made at the federal level to require a presidential candidate to undergo a psychological screening prior to assuming office:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, First Extraordinary Session of the Second Regular Session, hereby strongly urge the Congress of the United States to amend federal law to require that every presidential candidate shall disclose his or her federal income tax returns for the ten most recent taxable years; and

Be It Further Resolved that the Congress should amend federal law to require every presidential candidate to undergo a psychological screening to determine the mental fitness of the person for the position of president of the United States, and that such screening shall be completed by a psychologist independently designated by a panel of experts chosen by the director of Walter Reed National Military Medical Center and the results of such screening shall be made public; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional delegation.

Senator Schupp offered the following resolution:

**SENATE RESOLUTION NO. 16**

Whereas, for Missourians and lawmakers of the Jewish faith, Rosh Hashanah, the Jewish New Year, is one of the most holy days in the Jewish religion; and

Whereas, this year, Rosh Hashanah was celebrated on September 10, 2018; and

Whereas, the Governor called an extraordinary session of the General Assembly which commenced on September 10th; and

Whereas, by beginning an extraordinary session on September 10th, Jewish lawmakers and government employees were required to make the decision to either recognize this important Jewish holiday or to work and be present in Jefferson City; and

Whereas, the decision to begin this extraordinary session during Rosh Hashanah could, unfortunately, be viewed as sending a message to the Jewish community throughout this great state that Jewish High Holy Days are not important or deserving of consideration; and

Whereas, in addition to Rosh Hashanah, Yom Kippur, the Day of Atonement, is the most holy day of the year on the Jewish calendar; and

Whereas, inclusion and respect for a diverse legislature and electorate, unless constitutionally required or in the case of emergency, would be best acknowledged by refraining from scheduling legislative session on those holidays, the dates of which differ from year to year; and

Whereas, while celebrated for very different purposes, in terms of their sacred nature, Rosh Hashanah and Yom Kippur are analogous to the Christian sacred holidays of Christmas and Easter; and

Whereas, there is no evidence to suggest that the current scheduling of the extraordinary session was intended to show any ill will toward any person of the Jewish faith; and

Whereas, it is probable that the date of September 10, 2018, was chosen without knowledge of the holiday or its significance when this

extraordinary session was called:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, First Extraordinary Session of the Second Regular Session, hereby urge all Governors and legislative leaders to refrain from scheduling future regular or extraordinary sessions of the Missouri General Assembly on any important religious holidays such as the Jewish High Holy Days; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for the Governor.

### **CONCURRENT RESOLUTIONS**

Senator Chappelle-Nadal offered the following concurrent resolution, which was read:

#### **SENATE CONCURRENT RESOLUTION NO. 1**

Whereas, all government power originates from the people, is founded upon their will, and is instituted for the good of the whole; and

Whereas, Constitutional Democracies are intended to promote the general welfare of all people; and

Whereas, no person shall be deprived of life, liberty, and the pursuit of happiness; and

Whereas, the United States of America has a long history of denying Black individuals basic human rights; and

Whereas, the early American economy was erected on the backs of slaves; and

Whereas, even after slavery “ended”, Black people were still denied basic human rights in this nation; and

Whereas, White people used coercion, violence, and government regulation to exclude Black people from the prosperity America has enjoyed in abundance; and

Whereas, among the rights refused to Black people after the abolition of slavery was the right to vote, including direct legal prohibitions and indirect prohibitions, via poll taxes and lynch mobs; and

Whereas, Black Americans have never enjoyed the fruits of “blind justice” by this nation; and

Whereas, Black Americans have been denied basic opportunities by this country; and

Whereas, Black Americans have been deprived access to education, voting rights, jobs, and the privilege of equal citizenship; and

Whereas, affording these rights to Black Americans would have raised the Black community to an equal level of opportunity; and

Whereas, Black Americans have suffered nothing less than an institutional robbery by the governing class of this nation; and

Whereas, White supremacy is a force so fundamental to American life that it is impossible to contemplate what this nation is without it; and

Whereas, the income gap between black and white households is roughly the same today as it was in 1970; and

Whereas, reparations would help ease the pain resulting in the long history of racial injustice Black people have faced; and

Whereas, perhaps more significant than the monetary gains reparations would generate, such payments would represent America's maturation concerning the racial history of this nation; and

Whereas, U.S. Senator Claire McCaskill, has the privilege of representing the people of Missouri in the United States Senate; and

Whereas, U.S. Senator Claire McCaskill often claims she supports the Black community and typically receives a large percentage of the Black vote; and

Whereas, as a proud daughter of Missouri, U.S. Senator Claire McCaskill has a duty to promote the general welfare of Missouri citizens; and

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-ninth General Assembly, First Extraordinary Session of the Second Regular Session, the House of Representatives concurring therein, hereby urge U.S. Senator Claire McCaskill to put forward and support Federal legislation instituting reparations to the Black community; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for U.S. Senator Claire McCaskill.

We pray for the skill and knowledge of the doctors who treat him. We pray you sustain Bill and his family and Senator Holsman and family during the illness of his mother, and bless them with your healing presence. You have been with us and our concerns and bring the work we are accomplishing to that which we pray is most pleasing in Your sight. ## COMMUNICATIONS FROM THE GOVERNOR

The following communications, regarding vetoed Senate Bills were received by the Secretary of State, reading of which was waived:

GOVERNOR OF MISSOURI  
 JEFFERSON CITY  
 65102  
 July 13, 2018

TO THE SECRETARY OF STATE  
 OF THE STATE OF MISSOURI  
 99th GENERAL ASSEMBLY  
 SECOND REGULAR SESSION

Herewith I return to you House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 894 & 921 entitled:

AN ACT

To repeal sections 161.106, 162.1115, 173.670, and 178.550, RSMo, and to enact in lieu thereof eight new sections relating to education curriculum involving science and technology.

I disapprove of House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 894 & 921. My reasons for disapproval are as follows:

Section 161.261 of the bill establishes the “STEM Career Awareness Program,” with the purported goal of increasing STEM career awareness among students in grades six through eight. While I fully support the promotion of science, technology, engineering, and mathematics (STEM) education and making our state’s students aware of career opportunities in those fields, I cannot approve of the program’s provisions as written.

As part of the STEM Career Awareness Program, the Department of Elementary and Secondary Education is charged with selecting a provider for an online program to introduce students to a wide variety of STEM careers and technology. The bill contains a detailed list of criteria the program must meet in order to be selected. The criteria are so specific that they appear to be narrowly tailored to apply to only one company, which violates the Missouri Constitution.

Article III, Section 40 of the Missouri Constitution prohibits the General Assembly from passing any local or special law “granting to any corporation, association or individual any special or exclusive right, privilege or immunity” or “where a general law can be made applicable.” While imposing certain requirements for the program is appropriate, the opportunity to establish an online STEM career curriculum should be open to many providers so that the Department has the ability to choose the best option from qualified applicants. Such legislation would receive a welcome review from my administration in the future.

I also look forward to working with the legislature next session on the computer science credit provisions of this bill, which unfortunately will not be enacted this year due to the aforementioned issues.

In accordance with the above stated reasons for disapproval, I am returning House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 894 & 921 without my approval.

Respectfully Submitted,  
Michael L. Parson  
Governor

Also,

GOVERNOR OF MISSOURI  
JEFFERSON CITY  
65102  
July 13, 2018

TO THE SECRETARY OF STATE  
OF THE STATE OF MISSOURI  
99th GENERAL ASSEMBLY  
SECOND REGULAR SESSION

Herewith I return to you Senate Concurrent Resolution No. 50 entitled:

Relating to the replacement of a statue in the Statuary Hall of the Capitol of the United States.

I disapprove of Senate Concurrent Resolution No. 50. My reasons for disapproval are as follows:

While I fully support the placement of a statue of Harry S. Truman in the National Statuary Hall in the United States Capitol, I cannot approve of this resolution as written.

Senate Concurrent Resolution No. 50 proposes the replacement of one of Missouri’s statues in the National Statuary Hall. Currently, Missouri’s two allocated statues are of United States Senator Thomas Hart Benton and Francis Preston Blair. Senate Concurrent Resolution No. 50 requests the statue of Thomas Hart Benton be replaced by a statue of Harry S. Truman.

Unfortunately, the Thomas Hart Benton referred to in the resolution delivered to my office is not the correct individual who is currently represented in the National Statuary Hall. The Thomas Hart Benton who is depicted in our nation’s capitol was one of Missouri’s first United

States Senators and also elected to the United States House of Representatives. He was instrumental in the westward expansion of the United States and was an outspoken opponent of the institution of slavery.

The Thomas Hart Benton referred to in Senate Concurrent Resolution No. 50 is the famed painter and muralist, who happens to be Senator Thomas Hart Benton's great-great-nephew. This incorrect reference, while seemingly minor, fails to honor the legacy of Senator Thomas Hart Benton and his importance to the history of our state.

In accordance with the above stated reasons for disapproval, I am returning Senate Concurrent Resolution No. 50 without my approval.

Respectfully Submitted,  
Michael L. Parson  
Governor

Senator Onder moved that the Senate proceed to the order of business, Vetoed Bills, and that the calendar be called, which motion prevailed.

**HCS for SS for SCS for SBs 894 & 921** was called thereafter and no motion was taken thereon.

**SCR 50** was called thereafter and no motion was taken thereon.

#### HOUSE RESOLUTION NO. 1

BE IT RESOLVED, that the Chief Clerk of the House of Representatives of the Ninety-ninth General Assembly, Second Regular Session, inform the Governor and the Senate that the House is duly convened and is now in session in the 2018 Constitutional Veto Session and ready for consideration of business.
